

# City of Las Vegas

**Ricki Y. Barlow**  
Councilman, Ward 5

June 10, 2010

To whom it may concern:

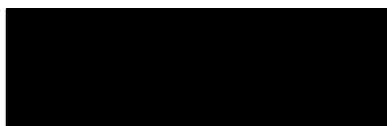

It is with great confidence that I submit this letter as both a testimony to and encouragement of the Southern Nevada Board of Health. The board has been and will continue to spearhead its mission to keep the Las Vegas community in accord and abreast of health matters.

Unfortunately, I submit this letter to you as my resignation to the board. Now, a student in grad school and a member of two different boards, I am unable to commit my time and attention as needed for a successful Southern Nevada Board of Health.

Please know that my resignation to the board only affects my direct vote on matters. I still have a desire to be as involved as possible and would very much like to continue receiving information about upcoming events or projects. If you need any further information, feel free to contact my office at 702.229.5443.

Sincerely,

**Ricki Y. Barlow**  
Councilman, Ward 5
