

**TO:** SOUTHERN NEVADA DISTRICT BOARD OF HEALTH      **DATE:** January 26, 2012

**RE:** *Continuation Approval of HIV Prevention Service Awards for Calendar Year 2012*

---

**PETITION #09-12**

**That the Southern Nevada District Board of Health** *approve continuation of the prior agreements for HIV Prevention services for calendar year 2012 in the amount of \$117,000 to two (2) organizations.*

**Bonnie Sorenson**, *Director of Clinics and Nursing Services*   
**Scott Weiss**, *Director of Administration*   
**Lawrence Sands, DO, MPH**, *Chief Health Officer* 

**DISCUSSION:**

In 1999, the State of Nevada and its inclusive counties became eligible for HIV Prevention funding through the Centers for Disease Control and Prevention (CDC). The State of Nevada designated in 2002, for the Southern Nevada Health District (SNHD) to serve as the sub-grantee for HIV Prevention funding in Southern Nevada. It has also approved the use and appointment of a Community Planning Group (CPG-SoN) to set priorities for the local community. This body identifies target populations and furnishes HIV Prevention strategies to the community in seven (7) categories as identified and suggested by the CDC. The project year extends from January 1, 2012 through December 31, 2012.

A total of \$117,000 was recommended for award to two (2) organizations subject to the availability of funding from Center for Disease Control. This action is a recommendation for limited continuation of prior funded contracts to ensure adequate transition of service delivery for secondary populations and continued support for satellite testing sites and promotional campaigns in the amount of \$16,575.

**FUNDING:**

All of the funding for this project is available through the Centers for Disease Control through the Nevada State Health Division and sub-granted to the Southern Nevada Health District in the HIV Prevention Grant. The funds were made available by Nevada State Health Division as a result of supplemental funding.
