Henderson, NV 89015

The Southern Nevada Health District has verified you are in willful disobedience of the Nevada Clean Indoor Air Act (Nevada Revised Statutes 202.2483). Specifically, you are operating a restaurant at 65 E. Horizon Ridge Parkway, Henderson, Nevada, which under the Act is an indoor place of employment where smoking tobacco in any form is prohibited. As such, you are required to post at every entrance a conspicuous sign clearly stating that smoking is prohibited, and to remove all ashtrays and other smoking paraphernalia from any area where smoking is prohibited.

Observations, photographs and discussions with your employees have verified the truthfulness of the many complaints received by the Health District regarding your establishment. Handing out to go cups with water in the bottom to anyone asking for an ashtray clearly establishes the intent to not comply with the Act.

Immediate compliance with the Act is required. It is imperative that you meet with Health District representatives forthwith to confirm abandonment of your particular method of undermining the Act, and to discuss any compliance issues you may have. Failure to comply with the Act immediately will result in a civil action being filed against you seeking an injunction enjoining you from further violating the Act plus civil penalties of \$100 for each violation.

Please contact Beth Fitzgerald at 759-0589 to coordinate a convenient conference time. Thank you for your prompt attention.

Sincerely,

Stephen R. Minagil, Esq.
