## **Resolution to Allow More Stringent Control of Tobacco Products Introduced at District Board of Health Meeting**

**What** A resolution allowing local governments the authority to impose smoking limits that are more stringent than required by state law will be introduced at the Clark County District Board of Health Meeting.

**Who** Commissioner Erin Kenny, a member of the Clark County Health District Board, requested the item be placed on the agenda.

**Why** The Clark County District Board of Health feels that it is in the best interest of public health to allow control of tobacco products to be held not only by the State, but also by local governments responding to local community needs.

**When** Clark County District Board of Health Meeting  
February 25, 1999 – 8:00 a.m.\*  
Otto H. Ravenholt, M.D. Public Health Center (Clemens Room)  
625 Shadow Lane  
Las Vegas, NV

\*The proposed amendment will be introduced during the early half of the board meeting.
