FOR IMMEDIATE RELEASE

### **Clark County Health District's Air Pollution Control Division Issues Penalties for the Month of August**

(Las Vegas, Nev. – September 7, 1999) – During the month of August the Clark County Health District's (CCHD) Air Pollution Control Division (APCD) issued the following penalties for violations of air pollution control regulations. Only penalties totaling \$2,000 and above are reported.

**Kaufman & Broad of Nevada, Inc.** was penalized \$2,300 for failure to control fugitive dust emissions and **Western States Contracting, Inc.** was penalized \$2,000 for failure to control fugitive dust emissions at a 52 acre development located at Eastern Avenue and Maryland Parkway.

**Greystone Homes** was penalized \$2,000 for failure to comply with Dust Control Permit conditions and for failure to control fugitive dust generated by construction vehicles and private vehicles driving over trackout at its 21 acre residential construction site, Romano Ridge. The site is located at the southwest corner of Tropical Parkway and Thom Boulevard.

(more)

CSR West received a penalty in the amount of \$2,000 for allowing fugitive dust emissions to be generated from a stockpile situated at its aggregate plant. The plant is located on the Gornowich site in North El Dorado Valley.
