February 26, 2001  
FOR IMMEDIATE RELEASE

## **Low cost mobile mammogram screenings available**

**WHAT** On site mammogram screenings for \$50.00 or free to women over 50 years of age meeting income requirements.

**WHO** Women with a referral from a physician or receiving a referral from an on-site APN (Advanced Practitioner of Nursing)

**WHEN** February 27-28, 2001  
March 1-2, 2001  
8:00 a.m. – 3:30 p.m.

**WHERE** Clark County Health District  
Ravenholt Public Health Center  
625 Shadow Lane (across from Valley Hospital)

**WHY** A mammogram is used for screening or diagnosis of breast cancer and when diagnosed early there is a 5-year survival rate of approximately 97 percent.

Breast cancer is the most common cancer among American women. An estimated 175,000 new cases of breast cancer among women were diagnosed in 1999, and 43,300 women died of this disease.

For more information, or to make an appointment, contact the Health District Family Planning Clinic at 383-1375.
