FOR IMMEDIATE RELEASE

### **The Clark County Health District Observes National Childhood Immunization Week, April 5-12, 2003**

#### **WHAT**

The Clark County Health District, area hospitals, vaccine manufacturers and local businesses will be observing Nevada Childhood Immunization Week (which coincides with National Childhood Immunization Week) with immunization clinics at several locations. Immunizations will be available for a \$15 fee per child. The fee is waived for Medicaid and Nevada Check-up participants with a voucher for the current month. Participants are asked to bring existing immunization records when possible.
