Health District posts 2013's first edition of 'The Perspective'

LAS VEGAS - The most recent edition of "The Perspective," the Southern Nevada Health District's quarterly e-newsletter, is now available on the health district's website, www.SNHD.info. Each issue provides a public health perspective on a particular topic. The current issue is the final retro- Perspective newsletter commemorating the health district's 50th anniversary. A story titled "Entering the Superhighway in the '90s" looks at the development of the health district website - all nine pages of it. Other stories include a look back at immunization records, tools of an outbreak investigation, and a staff member flashback.
