

Date: March 6, 2008
From: Culinary Health Fund
To: Culinary Participants

If you or your dependent was a patient at one of the Endoscopy Centers, you will receive a letter in the mail for further instruction.

If you do not receive your letter or do not want to wait for care, you can also come in to the Culinary Health Fund Customer Service Office to get a copy of your letter.

The letter will tell you to go to a Labcorp facility for testing. If your test results require additional care, or care for your dependents, the Culinary will assist you.

For additional information, please call the Culinary Health Fund Customer Service office at (702) 733-9938.
