FACILITY METALX, LLC.
OWNER and 295 S. Commerce Drive
OPERATOR Waterloo, IN 46793
(260) 232-3000

SIZE: This facility, as proposed, will consist of approximately 14,465 square feet in area (all interior). The maximum storage capacity is approximately 300 cubic yards. The maximum processing rate is approximately 250 cubic yards per day.

OPERATIONS: This facility is seeking a permit from the Southern Nevada Health District (SNHD) to operate a recycling center. A recycling center includes a facility designed and operated to receive, store, or process recyclable materials which have been separated at the source of waste generation from other solid waste and for which there is an available market. This facility will accept metals (all types); paper; plastics; glass; wood pallets; special wastes (lamp ballasts); and white goods which may contain refrigerants (CFC) vapor or liquid waste. This facility will not be open to the public. There will be no outside storage of recyclable materials.
