From:

Elaine Glaser, Director of Administration

John Middaugh, MD, Interim Chief Health Officer

Subject: Mid-February 2013 to Mid-March 2013 Administration Monthly Activity Report

### NEW FACILITY - relocation to 330 S. Valley View Blvd. building

On March 7, 2013 the Emergency Management Services (EMS) & Trauma System and the Human Resources departments relocated to the 330 S. Valley View building. Food Handler and Vital Records programs will re-establish services at the 330 S. Valley View building by the end of March 2013.

### **ADMINISTRATION**

The health district is offering immunization clinics for adults and children on a quarterly basis at our Laughlin Public Health Center located at 3080 S. Needles Highway, Suite 1800. The first clinic was on Friday, March 1, 2013. Additional dates for the remainder of the year are tentatively scheduled in the spring and summer prior to the start of the school year, as well as on fall. Clinics will be held from 10:00 am to 2:00 pm.

For the month of February 2013, 33 voluntary furlough hours were used saving the Health District \$970.31. Total voluntary furlough hours used at the end of February FY 2013 was 1,704.25 hours saving the District a total of \$53,172.93 compared to the total voluntary furlough hours at the end of February FY 2012 of 1,967.75 hours saving the health district a total of \$61,685.13.

### **FACILITIES**

In February 2013 there were 279 maintenance responses compared to 343 maintenance responses for February 2012. There were 832 security responses in February 2013 compared to 669 responses in February 2012. There were no significant issues.

For the month February 2013 there were 13 electrical work orders mostly for lighting replacements throughout the Health District, 15 HVAC work orders for vaccine refrigerator/freezer temperature adjustments as well as heating/cooling adjustments throughout the main building and satellite offices. There were a seven plumbing calls due primarily to obstructions in the sewer lines at various locations of the health district.

Mid-February 2013 - Mid-March 2013 Administration Monthly Activity Report Page -2-

There were 11 scheduled preventive maintenance work orders for the month of February 2013. The work included regularly scheduled preventive maintenance for the Southern Nevada Public Health Laboratory, freezer and refrigeration inspections. The completion rate for February 2013 was 85%. Completion rate for critical equipment preventive maintenance was 100%. For the month of February 2013 there were 39 customer responses with 95% customer satisfaction.

### **HEALTH CARDS/VITAL RECORDS**

- 1. Health Card volume in February 2013 decreased by 8.34% compared to February 2012. In February 2012, there were 9,821 cards issued compared to 9001 cards in February 2013. Health Card volume YTD 2013 through February 2013 is down 4.19% compared to YTD 2012 through February 2012.
- 1. February 2013, there were 1,462 births recorded and 3,930 birth certificates were issued. This is a 15.54% decrease in births and 9.04% decrease in birth certificates issued compared to February 2012.
- 2. In February 2013, there were 1,282 deaths recorded and 6,228 death certificates were issued. This is a 28.20% increase in deaths and a 3.40% decrease in death certificates issued compared to February 2012.

### **INFORMATION TECHNOLOGY**

- 1. System availability for the month of February 2013 was approximately 100%.
- 2. Total aging ticket count for IT help desk calls for February 2013 are the following: there were 50 tickets with Track-It that are older than 30 days, 19 tickets in Track-It that are less than 30 days old for a total of 69 open tickets in the queue. All of the tickets have daily notes entered with updates. For the month of February 2013 the first call resolution (FCR) calls decreased by 67.13%. There were 77 calls in February 2013 compared to 143 calls in January 2013. However, the percentage of overall calls decreased by only 25.76%. The overall number of work orders decreased by 170 calls. There were 619 calls in January 2013 compared to 449 calls in February 2013. The decrease in calls can be partially attributed to multi-step work orders involving more than one technician or programmer or requiring several components for completion. In other words, instead of making several calls to complete the request, only one call was made. IT continues to strive for a higher percentage of FCR to allow users uninterrupted access to computer applications. Help Desk requests for meeting setup and equipment orders cannot be completed with FCR.
- 3. The number of lockout calls in February 2013 decreased by three calls from 12 lock-out calls in January 2013 to nine lock-out calls in February 2013. IT continues to educate users to reset their own passwords and unlock their accounts to have uninterrupted access to their computer applications.
- 4. In February 2013 there were 39 customers who completed the satisfaction survey. The breakdown of the survey results are: zero very dissatisfied, one dissatisfied, three satisfied and 35 very satisfied.

### **HUMAN RESOURCES**

- 1. In February 2013 11 recruitments were opened and four recruitments closed. There were four new hires processed and eight offer letters issued.
- 2. For February 2013 five separations were processed and 30 evaluations completed.
- 3. As of February 2013, the vacancy rate was 10.70% with 44 positions actively recruited.
- 4. The health district's monthly controllable separation rate for February 2013 was two and the annualized controllable turnover rate was approximately 6.5%
