II. Community Health Nursing Program

1. Child Care Health Consultation (CCHC)

- A. One class was provided at a child care facility by the Child Care Health Consultant (CCHC) in March 2016.
- B. There were no new lead cases for the month of March.

2. Nurse Family Partnership (NFP)

The Southern Nevada Health District's Nurse-Family Partnership (NFP) has 150 active clients. 50 are participating through the Maternal, Infant and Early Childhood Home Visiting (MIECHV) Program made available through the Nevada Division of Public and Behavioral Health under the Affordable Care Act (ACA). The program has 7 Nurse Home Visitors. Two are funded under the

MIECHV program.

3. Healthy Start Initiative (HSI)

The Southern Nevada Health District's Healthy Start program has enrolled 174 at risk participants since March 2015, when enrollment began. 35 infants have been born into the program since March 2015. At present, the four case managers are serving 122 participants.

The SNHD's Healthy Start Initiative (HSI) team has continued ongoing activities to support families in meeting project goals to improve women's health, increase access to quality services, strengthen families' resilience, achieve collective impact and monitor performance/outcomes. The team attended training at the National Healthy Start Association-Celebrating 25 years of service. In addition the HSI leadership team coordinated site visits with the program's mentor, San Antonio Metro Health Healthy Start Program. Agenda items included, program overview, best practices, case management logistics, collective impact and some consulting about evaluation.

4. HIV Case Management

The Southern Nevada Health District's HIV Intensive Medical Case Management (IMCM) program served 101 clients in this month. There were six new pregnant women referred to the program and four babies were born with perinatal HIV exposure. Newborns and infants with perinatal HIV exposure are followed in case management for periodic HIV testing until cleared at approximately four months of age.

The SNHD Ryan White programs have revised the client flow from field investigation, to Southern Nevada Health district clinic, to transition to a medical home. The goal is to improve client experiences and outcomes through improved coordination among the different programs within the agency. Nurse case managers and eligibility workers are working collaboratively with Surveillance, Early Intervention Services, and Outpatient Ambulatory Medical Care.

III. Sexual Health Clinic (HIV and STD Care Services)

1. Sexual Health Clinic (HIV and STD Care Services)

Staff initiated training for insurance billing this month, the projected goal to initiate billing in SHC is in May.

Final decisions are pending a financial evaluation of the flat fee for un-insured clients in this clinic. Sexual Health Clinic has successfully recruited and hired the first SNHD Medical Assistant to start work on 4-18-16. This position will assist the SHC nurses with blood draws, lab specimen logging and packaging, cleaning and stocking exam rooms, assist front desk with answering phone calls, greeting and registering clients.

All SHC staff completed the new emergency evacuation training and participated in the unscheduled fire drill.

The THNK website had 243 users and 408 page views.

VI. Family Planning Summary

The SNHD Family Planning Program was just awarded a Title X grant through the Office of Population Affairs (OPA) to provide reproductive health services to men and women of low income. The Family Planning program was awarded \$1,480,000 annually for the next three years.

On March 31, 2016, SNHD Family Planning Program also applied for two separate Office of Population Affairs (OPA) sustainability grants to support special projects within the family planning program. The first grant application was submitted to "improve health information technology systems" within the family planning program. This grant would provide funding towards the purchase of a new electronic health record to be used in family planning clinics. The second grant application was submitted to "improve outreach to men and women in need of family planning services". This grant would provide funding to conduct a family planning services needs assessment of the City of North Las Vegas and assist in the planning and development of health services in this community.

The family planning program is on track to begin offering services at the new 280 S. Decatur facility on April 25, 2016. Expanding family planning services to 280 S. Decatur will allow women and men seeking reproductive health services *two* locations for service; the East Las Vegas family planning clinic at 570 N.
