PETITION #18-18

That the Southern Nevada District Board of Health *adopt the attached Clinical Services (new services - Dental Health Clinic Fees Schedule) effective July 1, 2018.*

JoAnn Rupiper, Chief Administrative Nurse *JR*

DISCUSSION:

The Southern Nevada Health District uses a cost allocation methodology in determining fees for services. The Health District includes costs for staff (salaries and benefits), costs for supplies, costs for product, and overhead in the calculation. Proposed new services to the Health District's Clinical Services fee schedule reflect these costs, which are an accurate reflection of the costs to deliver these services. These fees will be effective July 1, 2018.

FUNDING:

No funds are required in approving the above requested action.
