

TO: SOUTHERN NEVADA DISTRICT BOARD OF HEALTH **DATE:** June 28, 2018

RE: *Addition to Fee Schedule – Re-Test Fee for Food Handler Card Testing*

PETITION #19-18

That the Southern Nevada District Board of Health approve a \$5.00 Re-Test Fee for additional attempts to pass the required test to obtain a Food Handler card.

PETITIONERS:

Raymond F. Chua, Health Records Supervisor 
Andrew J. Glass, FACHE, MS, Director of Administration 
Joseph P. Iser, MD, DrPH, MSc, Chief Health Officer 

DISCUSSION:

To ensure clients applying for Food Handler cards have basic food safety handling knowledge, beginning July 2, 2018 applicants are required to pass an “in house” test with a score of 70% or better. Clients will be identified during the registration process and monitored during the testing phase.

If a client does not obtain a passing score on their first attempt, they will need to return no earlier than the next business day and pay a \$5.00 re-test fee prior to their next attempt. The re-test fee for subsequent attempts will encourage clients to be better prepared to pass the test on their first try as well as offset staff processing time to re-register and check-in clients on return visits.

FUNDING:

None.
