When a Public Health emergency or disaster occurs in Southern Nevada and Health District's emergency operations plans are activated by Health District's Chief Health Officer or Designee, or the appropriate state or federal governmental official; it is imperative that the Health District maintains the ability to mobilize and staff public, Points of Dispensing (POD) efficiently and effectively to protect the health and safety of the community and its visitors. Provision of NEE is subject to available personnel and at the County's sole discretion. Through training and mutual-cooperation, the Parties to this agreement will prepare for transparent mobilization and operation of public PODs during a public health related event.

FUNDING:

County personnel shall complete the Services identified in Scope of Work, detailed in Exhibit A of Interlocal Agreement. County will be reimbursed for expenses incurred as provided in Exhibit A, Scope of Work and Payment. Reimbursement is contingent upon a fully executed Exhibit B, Master Interlocal Agreement Work Order ("Work Order") for each training, exercise, or real event.

Reimbursement of costs incurred may be from multiple funding sources supported at local, state, or federal level depending on the emergency. Grant funding may be used to support local trainings and exercises conducted in partnership with the Southern Nevada Health District.
