**ALL APPLICANTS – PLEASE PRINT LEGIBLY OR TYPE**

NAME:            John Fildes, MD

How long have you lived in Clark County?    24 years

Please tell us why you are interested in becoming a member of the Board of Health.

I have worked diligently, throughout my career, to protect the health and well being of the residents and visitors of Southern Nevada. For 23 years I served on committees of the Southern Nevada Health District (SNHD) to promote health and prevent injury and disease. I served on the Medical Advisory Board (MAB) (1996-2005) and numerous subcommittees. In addition, I served twice as the Chair of the Regional Trauma Advisory Board (RTAB) (2006-2008, 2017-2020). The RTAB is responsible for oversight of the Southern Nevada Trauma System (SNTS). I was selected to Chair the Needs Based Assessment Taskforce (NBAT), a community wide stakeholder group, to determine the need for new trauma centers in the SNTS (2016-2017). In January 2020 I completed my last term at the SNHD and would like to re-engage to continue serving our community.

Are you employed by any government entity that is a member of the Southern Nevada Health District? If so, please specify.

I am employed by the UNLV School of Medicine. I practice at the University Medical Center (UMC) but I am not employed or compensated by them.

Please tell us about your education, training and experiences related to your profession and the position for which you are applying.

I received my BS degree, cum laude, in Biomedical Engineering from Union College in Schenectady, NY (1973-1977). I received my MD degree, meritisimus, from the University of Santo Tomas in Manila (1978-1982). I completed my residency in General Surgery at the Bronx-Lebanon Hospital in Bronx, NY (1982-1987). I completed my fellowship in Trauma, Burns, and Surgical Critical Care at the Cook County Hospital in Chicago, IL (1988-1989). My specialty is in Acute Care Surgery, the combination of Trauma, Surgical Critical Care, and Emergency General Surgery. I established the first American Association for the Surgery of Trauma (AAST) approved fellowship in Acute Care Surgery in the nation and was its Program Director for over a decade. I am an internationally known trauma surgeon, researcher, educator and administrator in the fields of medicine and medical education. I have practiced in Nevada since 1996. My research has appeared in 67 peer-reviewed publications, including the American Journal of Surgery, the Journal of Trauma and Acute Care Surgery, Critical Care Medicine, Academic Emergency Medicine, Plastic and Reconstructive Surgery, Journal of Surgical Research, Cancer Medicine, and Circulatory Shock. In addition, I have authored 72 invited publications and book chapters. I was the Medical Director of the Trauma Center and Chief of the Department of Trauma and Burns at the University Medical Center (UMC) in Las Vegas (1996-2019). UMC is Nevada's only Level 1 Trauma Center, only Pediatric Trauma Center, and only Burn Center. I was a leader in the medical response to the One October Shootings in Las Vegas. President Donald Trump commended my team and I for their care of the shooting victims. I continues to be a One October spokesperson at the regional, national, and international level. In addition, I am a consultant to DHS, FEMA, CDP, HHS, OS, ASPR, and EMMO who are developing a disaster-training program for the medical response to a no notice, overwhelming, large-scale, mass shooting event.

Please provide three references with knowledge of your abilities related to the position for which you are applying.

Please tell us about any other experience you have that relates to the activities of the SNHD. This could include, but is not limited to, the provision of public health services or working in any level of government or serving on any policy boards or public advisory committees.
