

Memorandum

Date: June 24, 2021

To: Southern Nevada District Board of Health

From: Fermin Leguen, MD, MPH, District Health Officer *FL*
Cortland Lohff, MD, MPH, Director of Primary & Preventive Care *CLM*

RE: Primary & Preventive Care Division Monthly Report – May 2021

Primary & Preventive Care – Clinical Services Fiscal Year Data

I. Immunization Program

A. Immunization Program Activities

1. The Main Immunization Clinic on 280 S. Decatur Blvd. returned to normal operation providing routine and travel vaccines on May 5, 2021. A total of 1,070 clients received 2,444 vaccines in the month of May.
2. There were 41 reminder calls made to parents/guardians of children 2-35 months who are not up to date with their immunization in the month of May.

B. Immunization Outreach Activities

1. Select staff continue to assist the Covid vaccination campaign in the homeless encampments, conducted mini pods in the underserved areas of the community, and provided vaccine oversight with contracted agencies.
2. Six clinics were conducted in the homeless encampments and a total of 86 Janssen vaccines were administered.
3. Vaccine for Children and Childcare programs resumed activities - site visits, provider trainings, and immunization audits.

II. Community Health Nursing

A. Maternal Child Health

1. There was one new reported childhood lead case for the month of May.
2. There was two referrals for the Newborn Screening Program requiring follow-up by the field nurse.

B. Nurse Family Partnership (NFP)

The Southern Nevada Health District's Nurse-Family Partnership (NFP) has 133 active clients with seven Nurse Home visitors. 46 are participating through the Maternal, Infant and Early Childhood Home Visiting (MIECHV) Program made available through the Nevada Division of Public and Behavioral Health under the Affordable Care Act (ACA).

Telehealth, video conferences and limited home visits are all being utilized to engage clients, and provide education, support, and resources. The NFP Team increased their limited home visits from two home visits a day to three following

established criteria. An eighth nurse home visitor began her employment this month and is currently completing the required trainings.

Two team members are continuing to assist with the COVID-19 vaccination effort and train community partners at the Las Vegas Convention Center.

C. Embracing Healthy Baby

The Southern Nevada Health District's Embracing Healthy Baby Program Community Health Workers (CHWs) are managing cases with minimal guidance from the program Community Health Nurse. Telephone or virtual visits continue with enrolled families. Education and referrals to needed services continue to be provided to families. The number of limited home visits allowed increased in May.

The CHWs began to be transitioned out of COVID-19 vaccination activities in the month of May. They demonstrated the ability to balance program and COVID-19 vaccination needs. May outreach included Dignity Health WIC programs, the Children's Cabinet, Project 150, Olive Crest, Just One Project, and the Smoke Ranch and Pinto Lane locations of Women's Health Associates of Southern Nevada.

III. Tuberculosis Clinic

- A. Two new active adult TB cases was reported by the TB Clinic during this period. There was no new pediatric active TB case reported by the TB Clinic during this period.
- B. The Refugee Health Program served 9 adults in May.

IV. Clinical Services Administration

- A. Clinical Services Division continues to retain Nevada State Board of Nursing approval to provide Continuing Education credits for SNHD Nursing staff. There were no CEU's offered in May.

Primary & Preventive Care FQHC Monthly Report – May 2021

Division Information/Highlights: The Southern Nevada Community Health Center, a division of the Southern Nevada Health District, mission is to serve residents of Clark County from underserved communities with appropriate and comprehensive outpatient health and wellness services, emphasizing prevention and education in a culturally respectful environment regardless of the patient's ability to pay.

May Highlights:

- **Response to COVID-19**
 - Coordinating the efforts of the NCS
 - Collecting data from FQHC partners for point of care (POC) testing
 - Project Manager for FEMA NCS grant
 - ARPA Health Center COVID-19 Vaccination Program
- **Administrative**
 - Service Area Competition Grant was awarded until 2024

The IRS Building, Formerly known as the Non-congregate Shelter (NCS): COVID-19 Response

- 1) The COVID-19 vaccination clinic has been operating in the IRS building since May 3, 2021. During the month of May, 4,894 COVID-19 vaccinations were administered out of this facility.

I. HIV / Ryan White Care Program

- A. The HIV/Medical Case Management (MCM) program received 31 referrals between May 1st through May 31st. There were no pediatric clients referred to the program this month. The program received 2 referrals for pregnant women living with HIV during this time.
- B. The Ryan White ambulatory clinic had a total of 315 visits: 24 initial provider visits, 104 established provider visits, 11 tele-visits, 0 audio visits, 25 Nurse visits and 112 lab visits in the month of May.
- C. The Ryan White clinic continues to implement the Rapid stART project, which has a goal of rapid treatment initiation for newly diagnosed patients with HIV. The program continues to receive referrals and accommodate clients on a walk-in basis. Fourteen clients were enrolled in RapidstART program and linked to care at Southern Nevada Community Health Center in the month of May.
- D. The Transitional Case Management (TCM) program's education of inmates is currently on hold due to the COVID-19 pandemic. There is on-going case management services for clients already enrolled in the program.
- E. The Ryan White program Mental health APRN continues to serve clients and provide screening for mental health conditions. 18 clients were serviced this month.

- F. The Ryan White program dietitian started providing medical nutritional therapy to clients during this period. 4 clients were screened and enrolled for nutrition services.
- G. Staff attended an SBIRT training this month in order to ensure proper use of the tool, which is used to screen patients for risky alcohol and drug use.

II. Sexual Health Clinic

- A. The clinic provided services provided 1,274 unique services to 914 unduplicated patients for the month of May, exceeding the numbers from April 2020.
- B. The Sexual Health Clinic (SHC) is participating in .three Learning Collaboratives under the Ending the HIV Epidemic efforts : 1) Community-wide Rapid stART Program through the Ryan White Part A grant recipient with the goal of decreasing the time from HIV diagnosis to treatment initiation and 2) STD Specialty Clinic Learning Community through the University of Washington's Prevention Training Center with the goal of scaling up HIV preventive services in STD specialty clinics 3) NASTAD's TelePrEP Learning Collaborative: Cohort 2 which provides technical assistance from peers and subject matter experts to increase the uptake of telePrEP programs.
- C. The SHC offers sexually transmitted infection (STI) screening and treatment, HIV pre-exposure prophylaxis (PrEP), non-occupational post-exposure prophylaxis (nPEP) services, and referral to primary care and support services. Services include screening for sexually transmitted infections, treatment and referral to a disease investigator for partner investigation. New HIV diagnosis are immediately referred to the Health Center's Rapid stART clinic.
- D. Express Testing resumed last February 15th in SHC. Express Testing is a collaborative service between SHC and Office of Disease Surveillance to screen asymptomatic patients for STI without the full clinic visit. This has significantly enhanced the clinic's ability to provide more STI screening services to our community.
- E. SHC staffs attended trainings on Mental Health First Aid which teaches how to identify, understand and respond to signs of mental illnesses and substance use disorders. Staff also attended suicide prevention training.

III. Family Planning (FP)

- A. FP Program services at East Las Vegas and Decatur Public Health Centers served 390 clients; 389 of them were unduplicated.
- B. The East Las Vegas Family Planning Clinic served 215 clients; 215 of them were unduplicated.
- C. The Decatur Family Planning Clinic served 175 clients; 174 of them were duplicated.

IV. Family Healthcare Center

- A. The Family Health Care Clinic saw 290 patients in the month of May 2021. Eleven patients were under age 18 and includes two children from the Refugee Health Clinic.

V. Pharmacy Services

- A. Dispensed 11140 prescriptions for 888 clients.
- B. Assessed/counseled 39 clients in the Ryan White – Sexual Health Clinic
- C. Assessed/counseled one client in the Tuberculosis Clinic.
- D. Assisted 8 clients to obtain medication financial assistance.
- E. Assisted 1 clients with insurance approvals.

VI. Eligibility Case Narrative and Eligibility Monthly Report

May 2021		
Total number of referrals received	75	
Total number of no action-closed	41	
Total number of applications submitted	Medicaid/SNAP/TANF: 25	Hardship: 1

VII. Refugee Health Program

- A. The Refugee Health Program served 9 adults in May.

VII. Quality & Risk Management:

Quality

COVID-19 Testing

As of May 31, 2021, the Southern Nevada Community Health Center has completed 41,963 COVID-19 tests. In May alone, 2,643 COVID-19 tests were completed at the Health Center, a decrease of 6.2% over April.

There was a 6.51% positivity rate in May, a decrease of 2.89% over April. This is the lowest positivity rate the Health Center has seen since we began testing for COVID-19 in April 2020.

The Southern Nevada Community Health Center and the Southern Nevada Health District continue to remind those who are sick to stay home and if they have been in contact with a person who has COVID-19 or think they have been exposed, they should get tested. The Health Center and Health District also encourage those who are medically able to get the COVID-19 vaccine.

COVID-19 Vaccine Program

The Southern Nevada Community Health Center began administering the COVID-19 vaccine on May 3, 2021 as part of HRSA’s COVID-19 Vaccine Program. The vaccine site is located at the Southern Nevada Health District main location in the NCS Building.

As of Monday, June 7, 2021 the Health Center has given 6,129 doses of the COVID-19 Vaccine:

- First Dose
 - Moderna: 1,058
 - Pfizer: 2,078
- Second Dose
 - Moderna: 614
 - Pfizer: 2,093
 - Janssen: 286

COVID-19 Vaccine Program (Second Dose)

As of June 7, 2021

Patient Satisfaction

The Health Center received 127 patient satisfaction surveys in May, a decrease of 8% over April.

Family Planning made up 72.6% of survey responses followed by Ryan White at 17.9% and Family Health at 9.5%. Approximately 14% of patients seen at the Health Center in May took the patient satisfaction survey, a decrease of 5% over April.

The Health Center received generally favorable responses from survey participants when asked about ease of scheduling an appointment, wait time to see their provider, care received from providers and staff, understanding of health care instructions following their visit, hours of operation, and recommendation of the Health Center to friends and family.

Please see the complete patient satisfaction survey reports in English and Spanish attached.

Telehealth

The Health Center implemented telehealth following the need for modified clinic operations as we continue to navigate the COVID-19 pandemic. The goal of the Health Center is to continue fulfilling its mission to provide safe, quality healthcare to the community amid the COVID-19 public health emergency. Health Center patients are seen by providers via audio (telephone) and video via Healow, an app by eClinicalWorks. Though COVID-19 positivity rates are trending downward, when medically appropriate, telehealth will continue to be offered post COVID-19 pandemic.

The following is a breakdown of telehealth visit volume since implementation in April 2020:

- In the month of April, telehealth saw 204 patients — 18% of Health Center visits.
- In the month of May, telehealth saw 179 patients — 15.1% of Health Center visits and a 12.3% decrease over the month prior.
- In the month of June, telehealth saw 106 patients — 7.6% of Health Center visits and a 40.8% decrease over the month prior.
- In the month of July, telehealth saw 53 patients — 4.3% of Health Center visits and a 50% decrease over the month prior
- In the month of August, telehealth saw 47 patients — 4.2% of patient visits, an 11.3% decrease over the month prior.
- In the month of September, telehealth saw 39 patients — 6% of patient visits.
- In the month of October, telehealth saw 28 patients — 4.3% of patient visits, a 28.2% decrease over the month prior.
- In the month of November, telehealth saw 31 patients — 5.1% of patient visits, an increase of 10.7% over the month prior.
- In the month of December, telehealth saw 88 patients — 13.5% of patient visits, an increase of 183.9% over the month prior.
- In January 2021, telehealth saw 46 patients — 6.2% of patient visits, a decrease of 47.7% over the month prior.
- In February 2021, telehealth saw 59 patients — 8.6% of patient visits, an increase of 28.3% over the month prior.
- In March 2021, telehealth saw 62 patients — 7.5% of patient visits, an increase of 5.1% over the month prior.
- In April 2021, telehealth saw 59 patients — 8% of patient visits, an increase of less than 1% over the month prior.
- In May 2021, telehealth saw 62 patients — 10.9% of patient visits, an increase of 2.9% over April

NOTE: As of September 1, 2020, the Sexual Health Clinic is no longer a part of the Health Center. This has resulted in an overall decrease in visit volume.

Health Center Visits

The Health Center had 1,025 scheduled patient appointments in May. Of scheduled patients, 61.8% kept their appointments. There was a 6.6% cancellation rate and a 31.6% no-show rate. Telemedicine saw 62 patients — 10.9% of patient visits.

NOTE: As of September 1, 2020, the Sexual Health Clinic is no longer a part of the Health Center. This has resulted in an overall decrease in visit volume.

Risk Management

Health Insurance Portability and Accountability Act (HIPAA)

There were no HIPAA breaches at the Health Center in May.

Exposure Incidents

There were no exposure incidents at the Health Center in May.

Medical Events

There was one medical event at the Health Center in May. The event was handled appropriately and closed without issue.
