SPECIAL

SOUTHERN NEVADA DISTRICT BOARD OF HEALTH MEETING

May 3, 2022 – 2:00 p.m.

Meeting was conducted via Webex Event

MEMBERS PRESENT:

Scott Black – Chair, Council Member, City of North Las Vegas
Brian Knudsen – Vice-Chair, Council Member, City of Las Vegas
Marilyn Kirkpatrick – Secretary, Commissioner, Clark County
James Adams – Council Member, City of Boulder City
Bobbette Bond – At-Large Member, Regulated Business/Industry
Olivia Diaz – Council Member, City of Las Vegas
Scott Nielson – At-Large Member, Gaming
Michelle Romero – Council Member, City of Henderson
Tick Segerblom – Commissioner, Clark County

ABSENT:

Karen Dutkowski – Council Member, City of Mesquite
Frank Nemec – At-Large Member, Physician

ALSO PRESENT:

(In Audience)

Dawn Christensen, Alexandria Dazlich, David Dazlich, Michelle Flater, Dana Gentry, Howard Jenkins, Erin Midby, Kenny Ramis, Sabrina Santiago, Jeffrey Seavey, Elisha Smaw, Amber Stidham, Virginia Valentine, Susy Vasquez, Tammi Williams

LEGAL COUNSEL:

Heather Anderson-Fintak, General Counsel

EXECUTIVE SECRETARY:

Fermin Leguen, MD, MPH, District Health Officer

STAFF:

Mark Bergtholdt, Cory Burgess, Andria Cordovez Mulet, Aaron DelCotto, Heather Hanoff, Theresa Ladd, Cassius Lockett, Javier Rivera, Larry Rogers, Alexis Romero, Christopher Saxton, Kris Schamaun, Herb Sequera, Karla Shoup, Jennifer Sizemore, Randy Smith, Karen White, Edward Wynder

I. CALL TO ORDER and ROLL CALL

The Chair called the Southern Nevada District Board of Health Special Meeting to order at 2:01 p.m. Andria Cordovez Mulet, Executive Assistant, administered the roll call and confirmed quorum.

II. PLEDGE OF ALLEGIANCE

Following the Pledge of Allegiance, the Chair confirmed that today's meeting was to receive, discuss and approve the Business Impact Statement related to the proposed Environmental Health (EH) fee schedule, and that the Board of Health will review and consider the proposed EH fee schedule at their meeting on May 26, 2022 at 9:00 a.m., which will be held virtually and in-person.

III. FIRST PUBLIC COMMENT: A period devoted to comments by the general public about those items appearing on the agenda. Comments will be limited to five (5) minutes per speaker. Please clearly state your name and address and spell your last name for the record. If any member of the Board wishes to extend the length of a presentation, this may be done by the Chair or the Board by majority vote.

Tammi Williams submitted a written public comment, which was read, related to the Proposed Environmental Health (EH) Fee Schedule Adjustments Business Impact Survey for Resorts World Las Vegas.

Member Kirkpatrick apologized to Member Nielson for being unprofessional at the end of the Finance Committee meeting yesterday. She recognized that she could have been more professional. She stated that the Board of Health is a great working board and requested that Member Nielson accept her apologies.

David Dazlich, Director of Government Affairs with the Vegas Chamber, wished to bring forward some concerns with the process for the proposed fee increase. First was the immediate increase of 29%, which should be something discussed for a possible phased-in approach. He stated that the signal that it sent to businesses in the area was that an immediate increase was something very concerning. Mr. Dazlich understood the need to cover the operating expenses but believed this was something that should be covered in a more phased-in approach. Second, he had a concern of an inclusion of an automatic CPI escalator without Board of Health review and voting. He stated that it was a good governance mechanism that any periodic increase should be reviewed and voted upon by the Board of Health. Mr. Dazlich further stated that another thing that should be taken into consideration was a period of increased inflation, increased supply costs and increased labor costs and while this may not seem like that much of an increase in terms of total dollars spent, the 29% was an unprecedented increase when compared with other local providers. Mr. Dazlich referenced SMWA and the process that they have used to implement periodic increases to cover the cost of water and providing water services. Mr. Dazlich stated the concern that this Business Impact Statement meeting and the previously day's meeting was held exclusively over WebEx. He felt that virtual only meetings have a chilling affect for public comment and public participation and would ask that going forward such meetings be held in-person to better allow communication.

Chair Black confirmed that the Board of Health meeting on May 26, 2022 would be held in-person with a virtual component.

Amber Stidham, from the Henderson Chamber of Commerce, stated that she would not repeat everything that Mr. Dazlich stated but echoed they have the same concerns as all 1800 members are under the same circumstances.

Alexandria Dazlich, Director of Government Affairs for the Nevada Restaurant Association, was representing the 5600 restaurants across the State. She advised that the Association appreciated the ability to offer input on this really important restaurant issue. Ms. Dazlich advised that the proposal to increase the EH fees by 29% was going to cause direct and serious harm to their industry, which continued to recover from the pandemic which caused over 30% of their restaurants to close permanently. Ms. Dazlich found that the vast majority of their small and independent restaurants were required to have more than one license in order to operate and therefore this increase posed a bigger economic burden than what the Business Impact Survey suggested. Ms. Dazlich stated that small, independent restaurants which also served alcohol, required four separate licenses, which equaled about \$2500 per year and the proposed 29% increase would add an additional \$725 per year. Ms. Dazlich stated that they supported the Health District's mission to ensure safe food practices for both restaurant employees and customers and agreed there needed to be financial support to prevent any foodborne illness outbreaks. However, they did believe that restaurant fees should pay for restaurant services and would like to continue the discussion regarding the implementation timeline of these particular fees. Ms. Dazlich concluded that they appreciated the Health District's willingness for feedback on the proposal and thanked the Board of Health for their time.

Member Segerblom joined the meeting at 2:14 p.m.

Seeing no one further, the Chair closed the First Public Comment portion.

IV. ADOPTION OF THE MAY 3, 2022 MEETING AGENDA (for possible action)

A motion was made by Member Nielson, seconded by Member Kirkpatrick and carried unanimously to approve the May 3, 2022 Agenda, as presented.

V. PUBLIC HEARING / ACTION: Members of the public are allowed to speak on Public Hearing / Action items after the Board's discussion and prior to their vote. Each speaker will be given five (5) minutes to address the Board on the pending topic. No person may yield his or her time to another person. In those situations where large groups of people desire to address the Board on the same matter, the Chair may request that those groups select only one or two speakers from the group to address the Board on behalf of the group. Once the public hearing is closed, no additional public comment will be accepted.

1. MEMORANDUM #05-22: Review, Discuss, and Approve Environmental Health Business Impact Statement on Proposed Fee Schedule; direct staff accordingly or take other action as deemed necessary *(for possible action)*

Christopher Saxton, Director of Environmental Health, presented an overview of the Environmental Health Division and the Business Impact Statement on the Proposed Environmental Health (EH) Fee Schedule Adjustments. Mr. Saxton advised that the proposed increase is 27%, which is less than the cost of inflation. Mr. Saxton provided an overview of the responses that were received to the Business Impact Survey. Mr. Saxton outlined staff's recommendation to proceed with a 27% overall fee increase, along with a link to the Consumer Price Index (Western Region) with a 1% floor / 3% ceiling annual adjustment to give programs sustainability as the community continues to grow.

Member Adams inquired why there had not been any increase since 2009 and the amount of the budget that the fees represent. Mr. Saxton advised that initially it was due to the great recession and then kept being pushed year over year. Further, Mr. Saxton advised that the fees, basically, fund the Environmental Health division, and that at times there are small grants received that would cover a staff position related to foodborne illness, to purchase some equipment or for staff training.

Member Bond stated that she was startled at how little funding comes from stable revenue and it was difficult for the Health District. Member Bond was supportive of the proposed fee schedule and she understood that business did not want to be taxed. Member Bond stated that Environmental Health keeps the tourism industry feeling they can count on safety in their workplace and for tourists. Member Bond was appreciative of the recommendation for the ongoing CPI adjustment. Member Bond concluded that she was sensitive to the public comments received but felt that the Health District should never have been in the situation where the revenue could not keep up with the community.

Member Nielson provided an explanation as the reason there has not been an increase in a number of years. A proposed fee schedule was raised in the summer of 2019, wherein an Environmental Health fee committee was constituted to consider information provided by staff to try to align the fees to the cost of services. Member Nielson further advised that recommendations were presented to the Board of Health in June 2019, which were adopted, that included ways to raise money that were more transparent. Member Nielson advised that he did not support the recommendation at the Finance Committee on May 2, 2022, due to the recommendations from June 2019 not being implemented. Member Nielson concluded that he truly believed that Environmental Health needs more money and that everyone knows that they have to pay more, however, it was a question of how much and trying to link the costs to the services being provided.

Chair Black opened Public Comment.

Virginia Valentine, representing the Nevada Resort Association, wanted to mention a few of their concerns. Ms. Valentine wanted to apologize in advance of the members that heard some of these same comments as yesterday. Ms. Valentine stated that they wanted to mention a few of their

concerns regarding the 27% increase in Environmental Health fees and, in short, the economic impacts of the pandemic on the hospitality industry. Ms. Valentine stated that the cost allocation created inclusion of costs of general functions and the rate/index to allow for automatic fee increase had little or no accountability was a concern. The hospitality industry was still recovering, and that conventions and international travel had not recovered and are still below 2019 levels, with mid-week occupancy remaining 'soft'. Ms. Valentine stated that everyone was dealing with record inflation for the past four years, with gas prices that impacted the cost of transportation of goods, along with supply chain issues. Ms. Valentine stated that she heard some people say it was not a big increase and she read all the comments on the Business Impact Survey, that included several comments with data on how they would be affected. Further, Ms. Valentine stated that some of the written comments were not really captured in the summarized data, for example one of small business quantified their impact by stating that they would have to sell approximately \$5,000 worth of croissants to offset the increased cost of the fees. Ms. Valentine stated that they have supported water increases because those increased were arrived at after numerous meetings with stakeholder engagement and they agreed to hold follow-up meetings with industry for accountability and how the increases performed. Ms. Valentine stated that they continue to ask questions about the cost allocation and whether there should be an allocation to cover those non-fee producing activities of Environmental Health. Ms. Valentine stated that they recognized the vital importance of the role that the Environmental Health division fulfills in public safety and health. Ms. Valentine stated that they do not object paying a fee for a service. However, they do object to equity concerns about a subset of businesses paying under a fee for service model, for the cost of Environmental Health division functions that are beyond the scope of those operations and benefit the entire community. Ms. Valentine stated they were not questioning the enforcement of illegal vendors or illegal dumping of waste. These activities, though, should not be funded or subsidized by fees paid by only certain regulated businesses. Ms. Valentine referred to an enterprise fund, which is not indexed, but instead are fees that are transparently determined, based on the actual cost and expenses. Indexing skips the process of accounting for actual expenses and revenue. Ms. Valentine stated that it raised a series of equity concerns when a subset of businesses was held to a fee for service standard while the true costs of providing services to the same are at best ambiguous. Ms. Valentine stated that they appreciated that vector control has been removed from the cost of Environmental Health and that those costs, that benefit all Clark County residents, would no longer be funded by specific fees on a subgroup of businesses. Mr. Nielson mentioned the recommendations of the rate committee. They would also like to see that those recommendations, which were adopted by the Board of Health in 2019, be considered and implemented where appropriate. A fee for service should provide the cost of providing that service and should not be a vehicle for funding activities unrelated to that service. Almost every rate increase proposal comes with the rate comparison from similar communities, which they have not seen. Some rate increases included consideration for catching up. In those cases, those increases were spread over a number of years. They had reservations about indexing, even with a floor and ceiling, starting in a period of very high inflation and volatility and those service providers where there was indexing, they have agreed to public accountability and transparency at periodic intervals to check on the performance of the increases. Additionally, it was their understanding that the Environmental Health division will soon initiate proceedings to update the food code, which may include additional fee-based requirements. This may result in new plan review and inspection fees. The costs of these changes were unknown at this time but should be fully understood by the Environmental Health division and industry before further increases are imposed. Ms. Valentine summarized that a 27% increase was too much at one time, especially while the industry was still recovering. Ms. Valentine wanted to be very clear that they are not opposed to a reasonable fee for service. However, the fee should cover the cost of providing that service. They requested additional information on the cost of non-revenue generating activities, the cost allocation and fee comparisons from other jurisdictions. A one-time 27% increase does not account for the unknown costs to regulate a business that may come about as a result of a comprehensive update to the food code. We believe it will be prudent to phase in a fee increase and allow flexibility while Environmental Health contemplates the updates to the food code. Hopefully a year from now, the economy will be less volatile and any impacts resulting from updates to the food code would be known. Further, and perhaps most importantly, they requested the Board of Health not approve the automatic indexing at this time so that further consideration of

the underlying fee for service policy, and equity concerns can be further evaluated and addressed. There is time to further evaluate and address these concerns. Under the proposal put forth today the first annual automatic increase would not occur until July 1, 2023. They requested that the Health District, at a minimum, forego approval of the annual automatic increase to Environmental Health fees, unless and until the previously stated underlying policy and equity concerns could be further evaluated and addressed. If the Board of Health must take action today, please mitigate the impact on businesses by splitting the 27% fee increase into two increases, 13.5% on July 1, 2022 and the second 13.5% increase on July 1, 2023. Please do not approve automatic indexing. There is a year to see how the fee increase performed before deciding if it was needed and to revisit the recommendations of the rate committee previously approved by the Board of Health. Ms. Valentine concluded by stating their appreciation of the important work that the Environmental Health division does in the community and they valued their longstanding partnership with the Health District.

Susy Vasquez stated that she appreciated all the important work that the Health District accomplishes each year to keep our residents safe and there was no doubt that the Health District had put forward some impressive innovative solutions over the past year. Still 27% for all intents and purposes is still a 27% increase. Even with the litany of increases to other operating expenses experienced, it was still a hard pill to swallow. Ms. Vasquez stated that she had been taking hits from every angle, as a landlord, for doing exactly what was being proposed today; covering expenses in order to continue our ability to operate and maintain our communities. Ms. Vasquez pointed out that this amenity that we provide our residents may someday come under scrutiny. Not only was it a constant money pit, time it takes to manage and maintain, as well as the liabilities it presents are very high and may one day become too much to bear. Ms. Vasquez would encourage support of a phased approach to the fee and would encourage the Board of Health not to support an alignment of future increases with CPI. Even though it was a very thoughtful approach to place a cap, perhaps rarely solved or avoided the problem it is set out to address. Ms. Vasquez would rather any future increases remained transparent and be supported with an analysis for increases to expensive.

Seeing no one further, the Chair closed the Public Comment portion.

A motion was made by Member Kirkpatrick seconded by Member Bond and carried unanimously to approve the Environment Health Business Impact Statement on the Proposed Fee Schedule.

- VI. SECOND PUBLIC COMMENT:** A period devoted to comments by the general public, if any, and discussion of those comments, about matters relevant to the Board's jurisdiction will be held. Comments will be limited to five (5) minutes per speaker. If any member of the Board wishes to extend the length of a presentation, this may be done by the Chair or the Board by majority vote.

Seeing no one, the Chair closed the Second Public Comment portion.

VII. ADJOURNMENT

The Chair adjourned the meeting at 2:47 p.m.

Please read into minutes

Proposed Environmental Health (EH) Fee Schedule Adjustments Business Impact Survey

1. Business Name *(Required)*

Resorts World Las Vegas

2. Name of person completing survey *(Required)*

Tammi M. Williams

3. Will the proposed EH Fee Schedule adjustments impose a direct and significant economic burden upon your business? *(Required)*

burden upon your business? *(Required)*

Yes

If yes, please provide the estimated effect in dollars.

Direct Cost Increase to RWLV \$ 52,169.83

The proposed 29% Fee Increase will have a direct and significant economic burden on our ability to do business. The proposed 1% to 3% annual fee increase does not give us the ability to adequately budget due to the uncertain annual increases.

4. Will the proposed EH Fee Schedule adjustments directly restrict the formation, operation, or expansion of your business? *(Required)*

Yes, the proposed EH Fee Increase will directly restrict operations and expansions. Planed projects and initiatives may have to be canceled or delayed. due to the substantial initial increase and the uncertain 1 to 3% yearly increase.

5. Will the proposed EH Fee Schedule adjustments have an estimated beneficial economic effect on your business? *(Required)*

No

6. Do you anticipate any indirect economic effects to your business as a result of the proposed EH Fee Schedule adjustments? *(Required)*

Yes

If yes, please provide an estimated effect in dollars.

RWLV Cost of Capital	6.52%
Indirect Cost Increase to	\$
RWLV	3,401.47

7. Other data or arguments

Resorts World Las Vegas is appreciative of the support and services provided by SNHD EH. Many industries including the hospitality industry suffered a devastating loss due to the COVID-19 pandemic. It may take several years to recover from this huge loss.

The restaurant industry is facing monumental challenges such as staffing, inflation, and supply chain shortages. Just a few months ago, some members of the hospitality industry had no income. The fear is that recovery will be prolonged if our industry is tasked with an immediate 29% increase in fees and a 1-3% annual increase.

Thank you SNHD for your continued support. In an effort to understand the proposed increase in fees, can you clarify/provide the following:

- Provide the current SNHD EH budget, including line item of expenses and revenues
- Does SNHD EH receive any other source of revenue such as grants? If so, can you provide the amount (s) and their allocation
- Are our SNHD EH fees just supporting the services provided to us? If not, what other areas do our fees support

Thank you

SPECIAL AGENDA

SOUTHERN NEVADA DISTRICT BOARD OF HEALTH MEETING

May 3, 2022 – 2:00 P.M.

Meeting will be conducted via Webex Event

NOTICE

WebEx Event address for attendees:

<https://snhd.webex.com/snhd/onstage/g.php?MTID=e46725cddaa4da3e8359e8d814eb36e15>

To call into the meeting, dial (415) 655-0001 and enter Access Code: [2550 480 9035](https://snhd.webex.com/join?AccessCode=25504809035)

For other governmental agencies using video conferencing capability, the Video Address is: 25504809035@snhd.webex.com

NOTE:

- Agenda items may be taken out of order at the discretion of the Chair.
 - The Board may combine two or more agenda items for consideration.
 - The Board may remove an item from the agenda or delay discussion relating to an item on the agenda at any time.
-

I. CALL TO ORDER AND ROLL CALL

II. PLEDGE OF ALLEGIANCE

- III. **FIRST PUBLIC COMMENT:** A period devoted to comments by the general public about those items appearing on the agenda. Comments will be limited to five (5) minutes per speaker. Please clearly state your name and spell your last name for the record. If any member of the Board wishes to extend the length of a presentation, this may be done by the Chairman or the Board by majority vote.

There will be two public comment periods. To submit public comment on either public comment period on individual agenda items or for general public comments:

- **By Webex: Use the Webex link above. You will be able to provide real-time chat-room messaging, which can be read into the record by a Southern Nevada Health District employee or by raising your hand during the public comment period and a Southern Nevada Health District employee will unmute your connection. Additional Instructions will be provided at the time of public comment.**
- **By email: public-comment@snhd.org. For comments submitted prior to and during the live meeting, include your name, zip code, the agenda item number on which you are commenting, and your comment. Please indicate whether you wish your email comment to be read into the record during the meeting or added to the backup materials for the record. If not specified, comments will be added to the backup materials.**

IV. ADOPTION OF THE MAY 3, 2022 AGENDA *(for possible action)*

- V. **PUBLIC HEARING / ACTION:** Members of the public are allowed to speak on Public Hearing / Action items after the Board's discussion and prior to their vote. Each speaker will be given five (5) minutes to address the Board on the pending topic. No person may yield his or her time to another person. In those situations where large groups of people desire to address the Board on the same matter, the Chair may request that those groups select only one or two speakers from the group to address the Board on behalf of the group. Once the public hearing is closed no additional public comment will be accepted.

1. **MEMORANDUM #05-22: Review, Discuss, and Approve Environmental Health Business Impact Statement on Proposed Fee Schedule;** direct staff accordingly or take other action as deemed necessary *(for possible action)*

- VI. **SECOND PUBLIC COMMENT:** A period devoted to comments by the general public, if any, and discussion of those comments, about matters relevant to the Board's jurisdiction will be held. Comments will be limited to five (5) minutes per speaker. If any member of the Board wishes to extend the length of a presentation, this may be done by the Chairman or the Board by majority vote.

See above for instructions for submitting public comment.

VII. **ADJOURNMENT**

NOTE: Disabled members of the public who require special accommodations or assistance at the meeting are requested to notify Andria Cordovez Mulet in Administration at the Southern Nevada Health District by calling (702) 759-1201.

THIS AGENDA HAS BEEN PUBLICLY NOTICED on the Southern Nevada Health District's Website at <https://snhd.info/meetings>, the Nevada Public Notice website at <https://notice.nv.gov>, and a copy will be provided to any person who has requested one via U.S mail or electronic mail. All meeting notices include the time of the meeting, access instructions, and the meeting agenda. For copies of agenda backup material, please contact Andria Cordovez Mulet at 280 S. Decatur Blvd., Las Vegas, NV 89107 or (702) 759-1201.

Memorandum #05-22

Date: May 3, 2022

To: SOUTHERN NEVADA DISTRICT BOARD OF HEALTH

From: Chris Saxton, MPH-EH, REHS, Environmental Health Director *CS*
Karen White, CPA, Chief Financial Officer *KW*
Fermin Leguen, MD, MPH, District Health Officer *FL*

Subject: Presentation of the Business Impact Statement for the Proposed Environmental Health Fee Schedule Adjustments

I. BACKGROUND:

The Health District is responsible for state-mandated environmental health permitting and inspections in Clark County, Nevada. Some examples of Health District environmental health permits include permanent and temporary food operations; pools and spas; public accommodations; schools; childcare facilities; body art and tattoo shops; underground storage tanks; individual sewage disposal systems; and liquid waste haulers.

The EH division of the Health District has not had an overall fee adjustment approved by the Board of Health since 2009. As a result, permit fees have not changed while operating costs have increased. Please note, the Consumer Price Index has increased 33% over this same period of time.

Fiscal Year		Revenues	Expenditures	Net Loss
FY20	Actual	\$ 19,145,478	\$ 21,359,253	\$ (2,213,775)
FY21	Actual	\$ 20,751,999	\$ 22,074,164	\$ (1,322,164)
FY22	Projected	\$ 19,654,013	\$ 22,736,388	\$ (3,082,376)

On March 25, 2022, the EH division issued public notice of the Business Impact Survey. The proposed EH Fee Schedule included a 29% increase to all, but statutorily set, program fees. Based upon business input, the EH division removed the Vector Control program from the proposed increases. This caused a decrease of 2% in the calculated fees.

II. PROPOSED ADJUSTMENTS:

The Health District proposes the following EH Fee Schedule adjustments effective July 1, 2022:

1. 27% fee increase to all fees on the EH Fee Schedule.
2. Tie the EH Fee Schedule to the Consumer Price Index (Western Region) with an annual adjustment of a 1% floor and a 3% ceiling beginning July 1, 2023.

These EH Fee Schedule adjustments will allow programs to keep up with increasing operating costs and continued community growth.

The proposed changes are projected to increase EH division revenue by \$5,465,781 in Fiscal Year 2023 (July 1, 2022 to June 30, 2023) and between 1-3% annually thereafter based on the Consumer Price Index.

III. RECOMMENDATION:

The Health District recommends approval of the Business Impact Statement for the proposed EH Fee Schedule adjustments. With recommendation, staff will move forward with the presentation of the proposed EH Fee Schedule adjustments at the May 26, 2022, Board of Health meeting.

A

BUSINESS IMPACT STATEMENT ENVIRONMENTAL HEALTH FEE SCHEDULE ADJUSTMENTS

Pursuant to Nevada Revised Statutes (NRS) 237, the following information has been prepared.

SECTION A - A DESCRIPTION OF THE MANNER IN WHICH COMMENT WAS SOLICITED FROM AFFECTED BUSINESSES, A SUMMARY OF THEIR RESPONSE, AND AN EXPLANATION OF THE MANNER IN WHICH OTHER INTERESTED PERSONS MAY OBTAIN A COPY OF THE SUMMARY

Comment was solicited in the following ways:

1. The Business Impact Survey notification was emailed to 14,666 Environmental Health permit contacts.
2. The Business Impact Survey notification was faxed and/or emailed to the following jurisdictions for posting at their offices: Henderson City Hall, Boulder City's City Hall, Mesquite City Hall, North Las Vegas City Hall, Las Vegas City Hall, Clark County Manager's Office, and Laughlin Community Resource Center.
3. The Business Impact Survey notification was mailed or emailed to the following associations: Armed Forces Chamber, Korean American Chamber of Commerce LV, Las Vegas Asian Chamber of Commerce, Boulder City Chamber of Commerce, Henderson Chamber of Commerce, Las Vegas Metro Chamber of Commerce, Las Vegas Wedding Chamber of Commerce, Latin Chamber of Commerce, Laughlin Chamber of Commerce, Mesquite Chamber of Commerce, Sin City Chamber of Commerce, Spring Valley Chamber of Commerce, Urban Chamber of Commerce, Women's Chamber of Commerce, Dairy Council of Nevada, Nevada Food Safety Task Force, Nevada Hotel and Lodging Association, Nevada Restaurant Association, Nevada Resort Association, and the Retail Association of Nevada.
4. The Business Impact Survey notification was emailed to individuals that have previously expressed interest in Environmental Health Fee Schedule adjustments.
5. The Business Impact Survey notification was given to operators of permitted commissaries for posting at their facilities.

6. SNHD held a Listening Session, in-person and via WebEx, on April 7, 2022, to gather data and comments from the public.
7. An Environmental Health Fee Schedule presentation was given to the Public Health Advisory Board on April 11, 2022.

During the comment period ending on April 15, 2022, the Health District received 106 responses. Thirty respondents said that the EH Fee Schedule adjustments would have no impact on their business.

Questions	Yes Responses	No Responses
Will the proposed EH Fee Schedule adjustments impose a direct and significant economic burden upon your business?	69	37
Will the proposed EH Fee Schedule adjustments directly restrict the formation, operation, or expansion of your business?	54	52
Will the proposed EH Fee Schedule adjustments have an estimated beneficial economic effect on your business?	6	100
Do you anticipate any indirect economic effects to your business as a result of the proposed EH Fee Schedule adjustments?	48	59

The Business Impact Statement and Summary is available at 280 South Decatur Boulevard, Las Vegas, Nevada, or a copy may be viewed online at: www.snhd.info/public-notice.

SECTION B – THE ESTIMATED ECONOMIC EFFECT OF THE PROPOSED RULE ON THE BUSINESSES WHICH IT IS TO REGULATE, INCLUDING, WITHOUT LIMITATION:

Adverse Effects:

- Businesses will pay more for services provided.

Beneficial Effects:

- Increased fees will be used to hire additional EH staff which will reduce customer wait times for permit processing, appointments, and inspections.
- Increased fees will be used to hire dedicated staff for unpermitted food vending, as requested by the community.
- Increased fees used for additional staff will allow SNHD to meet mandated inspections.
- Businesses will obtain timelier services due to increased EH staffing.
- Additional staff can help prevent community outbreaks that could negatively affect tourism.

Direct Effects:

- Businesses will have to pay 29% more for EH services provided.

Indirect Effects:

- Businesses subject to EH permitting, who service other businesses that are also subject to EH permitting, might pass increased costs to these other businesses.
- Permitted businesses may pass increased costs to consumers.

SECTION C – A DESCRIPTION OF THE METHODS THAT THE GOVERNING BODY OF THE LOCAL GOVERNMENT OR ITS DESIGNEE CONSIDERED TO REDUCE THE IMPACT OF THE PROPOSED RULE ON BUSINESSES AND A STATEMENT REGARDING WHETHER THE GOVERNING BODY OR ITS DESIGNEE ACTUALLY USED ANY OF THOSE METHODS

SNHD considered splitting the increase over two years but decided against it due to the large budget shortfall, increased demand for services, and immediate need for additional staffing.

SECTION D – THE ESTIMATED COST TO THE LOCAL GOVERNMENT FOR ENFORCEMENT OF THE PROPOSED RULE

The proposed EH Fee Schedule adjustments will not create a material administrative investment to enforce.

SECTION E – IF THE PROPOSED RULE PROVIDES A NEW FEE OR INCREASES IN EXISTING FEE, THE TOTAL ANNUAL AMOUNT THE LOCAL GOVERNMENT EXPECTS TO COLLECT AND THE MANNER IN WHICH THE MONEY WILL BE USED

The Environmental Health (EH) division of the Health District has not had an overall fee adjustment approved by the Board of Health since 2009. As a result, permit fees have not changed while operating costs have increased. Please note, the Consumer Price Index has increased 33% over this same period of time.

Fiscal Year		Revenues	Expenditures	Net Loss
FY20	Actual	\$ 19,145,478	\$ 21,359,253	\$ (2,213,775)
FY21	Actual	\$ 20,751,999	\$ 22,074,164	\$ (1,322,164)
FY22	Projected	\$ 19,654,013	\$ 22,736,388	\$ (3,082,376)

The EH division is anticipating a \$3 million shortfall and has a need to keep up with growth in the community. Overall, permits have steadily increased since 2011, and additional staff is needed to be able to meet mandated inspection requirements and continue to provide good customer service. EH and Finance staff calculated that a 29% adjustment to current fees would provide the necessary financial resources to break even and meet community needs.

The Health District proposes the following EH Fee Schedule adjustments effective July 1, 2022:

1. 29% fee increase to all fees on the EH Fee Schedule.
2. Tie the EH Fee Schedule to the Consumer Price Index (Western Region) with an annual adjustment of a 1% floor and a 3% ceiling beginning July 1, 2023.

The proposed changes are projected to initially increase EH division revenue by \$5,870,654 in Fiscal Year 2023 (July 1, 2022 to June 30, 2023) and between 1-3% annually thereafter based on the Consumer Price Index. Funds will be used to reduce the budget shortfall in Environmental Health and hire additional staff.

SECTION F – IF THE PROPOSED RULE INCLUDES PROVISIONS WHICH DUPLICATE OR ARE MORE STRINGENT THAN FEDERAL, STATE, OR LOCAL STANDARDS REGULATING THE SAME ACTIVITY, AN EXPLANATION OF WHY SUCH DUPLICATIVE OR MORE STRINGENT PROVISIONS ARE NECESSARY

The proposed EH Fee Schedule adjustments are not duplicate or more stringent than Federal, State, or local standards.

SECTION G – THE REASONS FOR THE CONCLUSIONS REGARDING THE IMPACT OF THE PROPOSED RULE ON BUSINESSES

SNHD has concluded that although there may be an economic impact on some businesses, the approval of the proposed EH Fee Schedule adjustments is not likely to impose a direct and significant economic burden upon businesses or directly restrict the formation, operation, or expansion of businesses. Permit fees are paid annually.

Pursuant to NRS 237.090, the BOH will hold a PUBLIC HEARING considering this Business Impact Statement at a virtual meeting on Tuesday, May 3, 2022, at 2:00 p.m. The BOH will review and consider approval of the proposed Environmental Health Fee Schedule adjustments at a PUBLIC HEARING on Thursday, May 26, 2022, at 9:00 a.m. virtually and at 280 South Decatur Boulevard.

I, Christopher Saxton, certify that, to the best of my knowledge or belief, the information contained in the statement was prepared properly and is accurate:

Christopher Saxton, MPH-EH, REHS
Director of Environmental Health

B

Summary of Business Impact Statement Surveys/Comments Proposed Environmental Health Fee Schedule Adjustments

Comment Period: March 25, 2022 through April 15, 2022

Total Respondents: 106

Will the proposed Environmental Health (EH) Fee Schedule adjustments impose a direct and significant economic burden upon your business?

Yes = 69 Respondents

No = 37 Respondents

Estimated Monetary Impact by Respondents without High Dollar Outliers = \$0.50 - \$5,000

SNHD Research on Outliers:

- One respondent estimated an impact of \$10,000 due to the facility already struggling to operate. The permit fees for this facility will increase \$209.
- One respondent estimated an impact of \$16,300 due to large increases in the cost of goods. SNHD believes that this is a reasonable estimate for the cost of the 119 permits at this facility.
- One respondent estimated an impact of \$40,000 due to increased operating costs. SNHD believes that this is a reasonable estimate for the 479 permits under this corporation.
- One respondent estimated an impact of \$120,000 due to grocery suppliers passing increased costs onto vendors. The permit fees for this business will increase \$322.48, but it is unknown if, or by what amount, the EH fee adjustments will impact the cost of goods for a business.
- One respondent estimated an impact of \$650,000 due to COVID. The permit fees for this business will increase \$262.28.

Will the proposed EH Fee Schedule adjustments directly restrict the formation, operation, or expansion of your business?

Yes = 54 Respondents

No = 52 Respondents

Will the proposed EH Fee Schedule adjustments have an estimated beneficial economic effect on your business?

Yes = 6 Respondents

No = 100 Respondents

Estimated Monetary Impact by Respondents = \$350

Do you anticipate any indirect economic effects to your business as a result of the proposed EH Fee Schedule adjustments?

Yes = 48

No = 59

Estimated Monetary Impact by Respondents without High Dollar Outliers = \$100-\$3,000

Outliers:

- One respondent estimated an impact of \$10,000 due to impacts to daily operations and increased fees would restrict expansion.
- One respondent estimated an impact of \$20,000 due to a trickle-down effect that will affect the entire operation.
- One respondent estimated an impact of \$120,000 due to grocery suppliers passing increased costs onto vendors.

Summarized Main Comments:

- Some respondents agreed with the increase to keep the public safe and maintain high standards as long as there were no additional regulatory burdens.
- There is a beneficial impact if fee increases will be used to search and shut down unpermitted operators.
- A small increase would be better than a 30% increase or a reduction in services.
- A 10-15% increase in fees is reasonable and there should be harsher penalty fees.

- Some respondents wanted more time before proposed fee changes become effective and/or phased increases.
- Costs have already increased for rent, fuel, delivery, food, goods, labor, imports, electric, and other agency fees.
- Business are still trying to recover from the pandemic; many are not back to pre-pandemic profitability.
- Businesses with small profit margins may go out of business.
- Businesses will pass the increased costs to their vendors and consumers.
- Consumers are less willing to spend money and will only pay so much for goods.
- Operating/overhead costs will increase.
- Adding increased fees to facilities with multiple permits is a significant burden.
- All increases pose a burden to businesses and could make expanding difficult.
- Fees are already too high.
- There should be internal agency cost reductions to help offset the budget deficit and reduce increased fees.
- If there's no increase in the level of service, there's no justification for an increase in fees.
- If penalty fees are increased, there is a concern that they will be used as a taxation tool.
- Now is not the time to raise fees. It will make it harder for businesses to recover from the pandemic.
- Some respondents did not want the fees tied to the Consumer Price Index.
- Some respondents wanted targeted fee increases and did not want unfunded programs included in expenses.
- Some respondents wanted the proposed fees compared to other jurisdictions.

Christopher Saxton
Director of Environmental Health
Southern Nevada Health District
280 South Decatur Boulevard
Las Vegas, Nevada 89107

RE: Environmental Health Fee Increase

Dear Director Saxton:

I write today to share comments regarding the proposed environmental health fee increase on behalf of the nearly 65 Southern Nevada resort hotel properties that the Nevada Resort Association represents. Please accept this letter as part of the business impact statement process required by Nevada Revised Statutes.

I would like to express our appreciation for the opportunity to provide our perspective with you and the Southern Nevada Health District staff during the agency's listening session. As I shared at that meeting, we have concerns regarding the proposed 29 percent increase in environmental health (EH) fees.

First, I think it is important to establish the backdrop this proposal is set against. While gaming revenues have increased, commercial activity at non-gaming areas of resorts continues to be below 2019 levels. Data recently released by the Las Vegas Convention and Visitors Authority (LVCVA) comparing February 2022 business activity to February 2019 show that the hospitality industry is still recovering. Visitation remains down 18 percent. Convention attendance is down 41 percent. The deplaned air passengers count is down 8 percent from pre-pandemic levels. Overall hotel occupancy is below 2019 levels, with midweek occupancy down 24 percentage points from February 2019. The data reflect the fact that international travel and tradeshow and convention business have not normalized, which is critical to midweek business, particularly at food and beverage outlets found in and around resort properties. The timing and the magnitude of the fee increase is challenging for operators trying to recover from this difficult period.

Furthermore, our members and all Southern Nevada businesses, large and small, are being impacted by inflation, gas prices, and lingering supply chain disruptions, which impact the costs of transportation and goods, as well as the ability of visitors and tourists to travel to our destination.

According to official data released just three days ago, the price of food items has increased by 8.5 percent for the 12-months ending March of this year, the largest 12-month increase since the period ending December 1981¹. Alarming, the price of certain food items, including certain meats, poultry,

¹ Consumer Price Index for All Urban Consumers (CPI-U) – March 2022, U.S. Bureau of Labor Statistics.

and eggs, have increased by up to 18.2 percent in the past 12 months. Accelerating food prices not seen in more than four decades combined with an unprecedented 29 percent increase in EH fees will result in material adverse impacts to the recovering food establishment industry. Food and beverage establishments are also experiencing critical labor shortages that have affected hours of operations and capacity levels. While the resort industry continues to do all it can to fully recover, significant challenges remain.

Another area of concern with the current proposal focuses on the cost allocation of SNHD administrative functions to the Environmental Health Division (EH). The items included in these costs remain unclear. We would like to better understand the costs and whether other departments in the Health District have similar allocations. Further, we believe it is important to have a public policy discussion regarding whether it is appropriate that an allocation cover the non-fee providing activities of EH.

Similarly, we would also like to further discuss the merits of the fee-for-service model. We support the practice of paying fees for services provided by EH that are to the benefit of those requesting the services. However, when a fee is broadened to fund other functions that benefit the entire community and are unrelated to the service being rendered, it contradicts the fee-for-service principle. For example, we recognize EH conducts vital activities that protect public health and safety, such as vector monitoring, enforcement against illegal vendors, or illegal dumping of waste. Given the nature of these activities, they should be funded by other revenue sources within the Health District, not subsidized by fees paid by businesses requesting services directly related to their business operations, such as food permit, license, and inspection fees.

As previously mentioned, the current business environment continues to present challenges and unpredictability. With that in mind, we are deeply concerned by the size and timing of the proposed increase. Implementing a 29 percent increase in less than three months is unprecedented. Operators have already established annual budgets and are not prepared to absorb the impact of a 29 percent increase in fees, particularly while they are trying to recover.

We understand EH fees have not increased in some time. However, trying to catch up with one single, large increase would be economically devastating and further hinder our progress. If increases are warranted, it would be more reasonable to phase them in over time, as has been done by other public agencies in a similar position.

Further, we have deep reservations about the proposal to add automatic indexing into future fee increases. Even with set parameters around the percentages to address periods of high volatility and inflation, indexing presents challenges. This structure lacks a periodic opportunity for public accountability and transparency to review the performance of fees and whether they are meeting current needs.

Respectfully, we ask you to consider continuing to engage stakeholders in this process with additional public workshops and comment periods, as has been the practice of other public agencies when proposing rate and fee increases. As part of this engagement process, it would be helpful to see a rate comparison analysis with other similar communities to provide additional context.

In closing, we would like to reiterate that we do not oppose reasonable fees for service and recognize that the cost for certain public services should be paid for by the requesting business or entity. We appreciate the work EH does in the community and value the longstanding relationship we have with the Health District. We look forward to continuing to discuss this proposal to arrive at a reasonable resolution.

Thank you for your consideration of our perspective on this important matter. Should you have any questions or need additional information, please contact me at (702) 735-4888.

Sincerely,

A handwritten signature in black ink, appearing to read "Virginia Valentine". The signature is fluid and cursive, with a long horizontal stroke at the end.

3. Will the proposed EH Fee Schedule adjustments impose a direct and significant economic burden upon your business?

- Yes

If yes, please provide the estimated effect in dollars.

\$500.00

Please explain.

It's difficult to determine what the the total fees are in your downloadable spreadsheet. My best guess is a \$500 increase. Your agent spends about 30 min checking our warehouse. I can't imagine that your labor costs have gone up 30%. After 4 years of holding pricing, and 2 years of barley surviving the pandemic, we only took a 10% price increase, and we have real goods. You only have labor. If you gave your employees a 30% pay increase, then I'm in the wrong business!

4. Will the proposed EH Fee Schedule adjustments directly restrict the formation, operation, or expansion of your business?

- Yes

Please explain.

Every dollar matters to us. The pandemic isn't over. The next wave will effect tourism, which in turn effects our business. We are just now hiring back our team that was furloughed in March 2020. With inflation, and costs of goods and salaries, we are struggling. There's only so much people will pay for a chocolate bar. We cannot raise prices past certain amounts.

5. Will the proposed EH Fee Schedule adjustments have an estimated beneficial economic effect on your business?

- No

6. Do you anticipate any indirect economic effects to your business as a result of the proposed EH Fee Schedule adjustments?

- No

- Yes

Please explain.

With food costs doubled in most cases, electric and gas increases, shortage of qualified employees along with small profit margins most of us will be out of business in the next 6 months as we do not have deep pockets to support everyone's increases when we can not increase our prices.

4. Will the proposed EH Fee Schedule adjustments directly restrict the formation, operation, or expansion of your business?

- Yes

Please explain.

The more costs are put on small mom and pop business the lesser the chances of survival.

5. Will the proposed EH Fee Schedule adjustments have an estimated beneficial economic effect on your business?

- No

•

6. Do you anticipate any indirect economic effects to your business as a result of the proposed EH Fee Schedule adjustments?

- Yes

If yes, please provide an estimated effect in dollars.

\$3,000.00

Please explain.

Can not predict the future in correct amounts

7. Other data or arguments

I was under the impression that we work with one another not against one another. It was bad enough during the pandemic and now this?

1. Business Name

Coffee N Rock

2. Name of person completing survey

Elaine Matthews

3. Will the proposed EH Fee Schedule adjustments impose a direct and significant economic burden upon your business?

- Yes

Please explain.

Like other businesses, we have not returned to profitability after COVID. Adding a 29% surcharge is unreasonable.

4. Will the proposed EH Fee Schedule adjustments directly restrict the formation, operation, or expansion of your business?

- Yes

Please explain.

It will impact our ability to pay staff

5. Will the proposed EH Fee Schedule adjustments have an estimated beneficial economic effect on your business?

- No

Please explain.

There is no positive impact that can be realized by any business by an increase in fees of 29%

6. Do you anticipate any indirect economic effects to your business as a result of the proposed EH Fee Schedule adjustments?

- Yes

Please explain.

The entire cost of the 29% increase

7. Other data or arguments

This increase far exceeds CPI, and there is no benefit to any business to have to pay increased fees for the same services, all of which are to keep the public safe.

Crab Corner

2. Name of person completing survey

John Smolen

3. Will the proposed EH Fee Schedule adjustments impose a direct and significant economic burden upon your business?

- Yes

If yes, please provide the estimated effect in dollars.

\$1,000.00

Please explain.

I currently hold three licenses. The fees are already a major burden with the rising food costs, rent, payroll etc. This is another cost that impacts and limits business growth. Please do not raise the fee. Please reduce the fee. We never got any relief from when we were not allowed to operate a business dine in service during Covid.

4. Will the proposed EH Fee Schedule adjustments directly restrict the formation, operation, or expansion of your business?

- Yes

Please explain.

Every new fee taxed on this business takes dollars away from advising, expansion, employee compensation and new hires.

5. Will the proposed EH Fee Schedule adjustments have an estimated beneficial economic effect on your business?

- No

Please explain.

No benefit will come from this to anybody

6. Do you anticipate any indirect economic effects to your business as a result of the proposed EH Fee Schedule adjustments?

1. Business Name

Cree's Mobile Home Park

2. Name of person completing survey

Jenifer Walker

3. Will the proposed EH Fee Schedule adjustments impose a direct and significant economic burden upon your business?

- Yes

Please explain.

Any additional costs and fees create a burden on small businesses. Inflation is high and everything costs more in operating a business.

4. Will the proposed EH Fee Schedule adjustments directly restrict the formation, operation, or expansion of your business?

- Yes

Please explain.

I can only assume that higher fees will prevent spending money on other things that are needed to operate the business.

5. Will the proposed EH Fee Schedule adjustments have an estimated beneficial economic effect on your business?

- No

Please explain.

I have no idea how higher fees could possibly be beneficial.

6. Do you anticipate any indirect economic effects to your business as a result of the proposed EH Fee Schedule adjustments?

- Yes

Please explain.

Higher fees always have adverse impacts, both direct and indirect

3. Will the proposed EH Fee Schedule adjustments impose a direct and significant economic burden upon your business?

- Yes

If yes, please provide the estimated effect in dollars.

\$435.00

Please explain.

A 29% increase to my two permits which currently cost \$715, will add \$435 to already stresses budget with all the other additional costs your updated regulations have put on my budget. Tattoo shops are not big business. We are small businesses. This is an unnecessary burden in my opinion. \$750 per permit was already a steep cost.

4. Will the proposed EH Fee Schedule adjustments directly restrict the formation, operation, or expansion of your business?

If yes, please provide an estimated effect in dollars.

\$5,000.00

Please explain.

shortening our sales reducing our vending opportunities. market rent increases, product costs, has already made our profitability in jeopardy.

7. Other data or arguments

a 29% increase at this time is unbelievable as business struggles to recover, with fuel prices surging, help shortages, business continue to close thru these times. as a small business since 2011 starting out in the depression. with insurance rates, rent rates, fuel rates, product costs. paper goods, shipping rates all increasing at this time. A paper coffee cup has gone from .08 cents to .12 cents a 50% increase. we are struggling to just keep our cars moving as gas is more than twice in price of what is was not long ago. if I was to raise my prices by 29% what do you think would happen to my business.

2. Name of person completing survey

Cyndee Hutchins, Director of Finance

3. Will the proposed EH Fee Schedule adjustments impose a direct and significant economic burden upon your business?

- Yes

If yes, please provide the estimated effect in dollars.

\$16,030.00

Please explain.

The affected areas have already had large increases in their cost of goods. The 29% increase is significant given that most of these areas have not increased in size.

4. Will the proposed EH Fee Schedule adjustments directly restrict the formation, operation, or expansion of your business?

- Yes

Please explain.

The increase will impact buying power in other areas.

5. Will the proposed EH Fee Schedule adjustments have an estimated beneficial economic effect on your business?

- No

•

6. Do you anticipate any indirect economic effects to your business as a result of the proposed EH Fee Schedule adjustments?

- Yes

Please explain.

As costs increase, we have to look at increasing our prices. This could have a negative effect on the way our customers view our business.

7. Other data or arguments

We have not received enough detail to support this large of an increase. With more people working from home since Covid, the departments costs should be down. In addition, it is stated that the increase will increase revenue by \$5.9M. The average loss over the three year period is only \$2.2M. This might substantiate an 11% increase, but not 29%.

Subject: New Proposed EH Fee Schedule Adjustments Business Impact Survey Submission

1. Business Name

Wild Fig Catering LLC

2. Name of person completing survey

Steve Cook

3. Will the proposed EH Fee Schedule adjustments impose a direct and significant economic burden upon your business?

- No

Please explain.

We recognize this is needed for operational costs that are being impacted across all industries. It is a cost of doing business. We would rather see a small increase as opposed to a reduction in services. However, we would also like to see some added services such as a direct contact to help facilitate questions. We've has some struggles getting proper instruction and direction when calling for info.

4. Will the proposed EH Fee Schedule adjustments directly restrict the formation, operation, or expansion of your business?

- No

Please explain.

It will be a cost to consider, but not prohibitive.

5. Will the proposed EH Fee Schedule adjustments have an estimated beneficial economic effect on your business?

- No

Please explain.

How could it? We're simply paying more for a service that our customers have limited or no knowledge of so it brings no "added" value to them.

6. Do you anticipate any indirect economic effects to your business as a result of the proposed EH Fee Schedule adjustments?

- Yes

If yes, please provide an estimated effect in dollars.

\$100.00

Please explain.

Hard to put a value on it, but my guess is this will impact all of our food purveyors as well and they will most likely pass these increases on to us in the same way they currently do with fuel costs.

NOTICE: SNHD SEEKING INPUT ON POTENTIAL BUSINESS IMPACT OF PROPOSED ENVIRONMENTAL HEALTH FEE SCHEDULE ADJUSTMENT

The Southern Nevada Health District (Health District) Environmental Health Division (EH) intends to propose a 29% increase to all EH fees to the Southern Nevada District Board of Health (BOH) in a public hearing on May 26, 2022, for possible action. A copy of the current fee schedule with the proposed increases may be obtained on the Health District website at www.snhd.info/public-notice.

PURPOSE OF NOTICE

In accordance with NRS 237.080, businesses, business owners, and interested parties may submit data and arguments to the Health District as to whether the proposed fee increases will:

1. Impose a direct and significant economic burden upon a business; or
2. Directly restrict the formation, operation, or expansion of a business.

Any comment submitted should be specific as to how and why a particular charge imposes such a burden.

HOW TO SUBMIT DATA AND ARGUMENT

You may submit data and arguments about the impact of these proposed fee adjustments through any or all of the following ways:

1. Complete an online survey here:
<https://www.southernnevadahealthdistrict.org/permits-and-regulations/proposed-eh-fee-schedule-adjustments-business-impact-survey/>
2. Via mail to:
Southern Nevada Health District
Attention: EH - Heather Hanoff
280 S. Decatur Blvd.
Las Vegas, NV 89107
3. Via email to:
hanoff@snhd.org
4. During a listening session:
Oral submission of data and arguments will be accepted during a listening session on April 7, 2022, from 2:30 p.m. to 4:00 p.m. The listening session will be held at

280 S. Decatur Boulevard and via WebEx. To attend via Webex, you must register online no later than April 7, 2022, at 2:00 p.m. at <https://snhd.webex.com/snhd/onstage/g.php?MTID=e42ea268834e60ac7216c615020c94c3d>.

In order for your comments to be analyzed and included in the Business Impact Statement you must submit your input to the Health District no later than 4:30 p.m. April 15, 2022.

BACKGROUND

The Health District is responsible for state-mandated environmental health permitting and inspections in Clark County, Nevada. Some examples of Health District environmental health permits include permanent and temporary food operations; pools and spas; public accommodations; schools; childcare facilities; body art and tattoo shops; underground storage tanks; individual sewage disposal systems; and liquid waste haulers.

The EH division of the Health District has not had an overall fee adjustment approved by the Board of Health since 2009. As a result, permit fees have not changed while operating costs have increased. Please note, the Consumer Price Index has increased 33% over this same period of time.

Fiscal Year		Revenues	Expenditures	Net Loss
FY20	Actual	\$ 19,145,478	\$ 21,359,253	\$ (2,213,775)
FY21	Actual	\$ 20,751,999	\$ 22,074,164	\$ (1,322,164)
FY22	Projected	\$ 19,654,013	\$ 22,736,388	\$ (3,082,376)

PROPOSED CHANGES

The Health District proposes the following EH Fee Schedule adjustments effective July 1, 2022:

1. 29% fee increase to all fees on the EH Fee Schedule.
2. Tie the EH Fee Schedule to the Consumer Price Index (Western Region) with an annual adjustment of a 1% floor and a 3% ceiling beginning July 1, 2023.

These EH Fee Schedule adjustments will allow programs to keep up with increasing operating costs and continued community growth.

The proposed changes are projected to increase EH division revenue by \$5,870,654 in Fiscal Year 2023 (July 1, 2022 to June 30, 2023) and between 1-3% annually thereafter based on the Consumer Price Index.

PRESENTATION OF A BUSINESS IMPACT STATEMENT TO THE BOARD OF HEALTH

After considering all data and arguments received on the proposed fee adjustments, the Health District will make a determination as to the likely impact to business and prepare a Business Impact Statement.

Pursuant to NRS 237.090, the Board of Health will consider the Business Impact Statement at a public meeting on Tuesday, May 3, 2022, at 2:00 p.m. At that time, it is anticipated that the Board of Health will set a PUBLIC HEARING for May 26, 2022, to consider approval of the proposed EH Fee Schedule adjustments or other possible action. An agenda with instructions on how to attend the May 3, 2022, public meeting will be posted at least three working days before the meeting at <https://www.southernnevadahealthdistrict.org/meetings/board-of-health-agendas-minutes-and-audio-recordings/>. An agenda for the May 26, 2022, public hearing will be posted at least three working days before that meeting at <https://www.southernnevadahealthdistrict.org/meetings/board-of-health-agendas-minutes-and-audio-recordings/>.

Public Notice Access

Public Bodies wishing to post public notices must first register (/Account/Register) for an account. *It is recommended to use your government issued email address.*

[Register \(/Account/Register\)](#)

Next Steps after you register

Send an email to deptadmin@admin.nv.gov (<mailto:deptadmin@admin.nv.gov>) with the following information:

1. Your name and email address.
2. The type of Government (i.e. State, City, County, K-12, Higher Education, Special Districts).
3. The area or "Entity" your Government type represents. For example, if your Government type is County, tell us which County i.e. Churchill, Clark, Douglas, etc.

4. The name of the Public Body (aka Committee/Council/Board) you will be posting for? Please list all of the Public Bodies you will be responsible to post notices for.
5. After you send the email with this information, you will receive an email or phone call back from the Department of Administration's Director's Office to confirm your account has been successfully enrolled. If you have questions, please email deptadmin@admin.nv.gov (<mailto:deptadmin@admin.nv.gov>).

Public Notices

NOTICE: SNHD SEEKING INPUT ON POTENTIAL BUSINESS IMPACT OF PROPOSED ENVIRONMENTAL HEALTH FEE SCHEDULE ADJUSTMENT

The Southern Nevada Health District (Health District) Environmental Health Division (EH) intends to propose a 29% increase to all EH fees to the Southern Nevada District Board of Health (BOH) in a public hearing on May 26, 2022, for possible action. A copy of the current fee schedule with the proposed increases may be obtained on the Health District website at **www.snhd.info/public-notices**.

Purpose of Notice

In accordance with NRS 237.080, businesses, business owners, and interested parties may submit data and arguments to the Health District as to whether the proposed fee increases will:

1. Impose a direct and significant economic burden upon a business; or
2. Directly restrict the formation, operation, or expansion of a business.

Any comment submitted should be specific as to how and why a particular charge imposes such a burden.

How to Submit Data and Argument

You may submit data and arguments about the impact of these proposed fee adjustments through any or all of the following ways:

1. Complete an online survey here:
<https://www.southernnevadahealthdistrict.org/permits-and-regulations/proposed-eh-fee-schedule-adjustments-business-impact-survey/>
2. Via mail to:
Southern Nevada Health District
Attention: EH – Heather Hanoff
280 S. Decatur Blvd.
Las Vegas, NV 89107

3. Via email to:

hanoff@snhd.org

4. During a listening session:

Oral submission of data and arguments will be accepted during a listening session on April 7, 2022, from 2:30 p.m. to 4:00 p.m. The listening session will be held at 280 S. Decatur Boulevard and via WebEx. To attend via Webex, you must register online no later than April 7, 2022, at 2:00 p.m. at <https://snhd.webex.com/snhd/onstage/g.php?MTID=e42ea268834e60ac7216c615020c94c3d>.

In order for your comments to be analyzed and included in the Business Impact Statement you must submit your input to the Health District no later than 4:30 p.m. April 15, 2022.

Background

The Health District is responsible for state-mandated environmental health permitting and inspections in Clark County, Nevada. Some examples of Health District environmental health permits include permanent and temporary food operations; pools and spas; public accommodations; schools; childcare facilities; body art and tattoo shops; underground storage tanks; individual sewage disposal systems; and liquid waste haulers.

The EH division of the Health District has not had an overall fee adjustment approved by the Board of Health since 2009. As a result, permit fees have not changed while operating costs have increased. Please note, the Consumer Price Index has increased 33% over this same period of time.

Fiscal Year		Revenues	Expenditures	Net Loss
FY20	Actual	\$ 19,145,478	\$ 21,359,253	\$ (2,213,775)
FY21	Actual	\$ 20,751,999	\$ 22,074,164	\$ (1,322,164)
FY22	Projected	\$ 19,654,013	\$ 22,736,388	\$ (3,082,376)

Proposed Changes

The Health District proposes the following EH Fee Schedule adjustments effective July 1, 2022:

1. 29% fee increase to all fees on the EH Fee Schedule.
2. Tie the EH Fee Schedule to the Consumer Price Index (Western Region) with an annual adjustment of a 1% floor and a 3% ceiling beginning July 1, 2023.

These EH Fee Schedule adjustments will allow programs to keep up with increasing operating costs and continued community growth.

The proposed changes are projected to increase EH division revenue by \$5,870,654 in Fiscal Year 2023 (July 1, 2022 to June 30, 2023) and between 1-3% annually thereafter based on the Consumer Price Index.

Presentation of a Business Impact Statement to the Board of Health

After considering all data and arguments received on the proposed fee adjustments, the Health District will make a determination as to the likely impact to business and prepare a Business Impact Statement.

Pursuant to NRS 237.090, the Board of Health will consider the Business Impact Statement at a public meeting on Tuesday, May 3, 2022, at 2:00 p.m. At that time, it is anticipated that the Board of Health will set a PUBLIC HEARING for May 26, 2022, to consider approval of the proposed EH Fee Schedule adjustments or other possible action. An agenda with instructions on how to attend the May 3, 2022, public meeting will be posted at least three working days before the meeting at <https://www.southernnevadahealthdistrict.org/meetings/board-of-health-agendas-minutes-and-audio-recordings/> . An agenda for the May 26, 2022, public hearing will be posted at least three working days before that meeting at <https://www.southernnevadahealthdistrict.org/meetings/board-of-health-agendas-minutes-and-audio-recordings/> .

Solid Waste Management Authority Public Notice:

Nevada Revised Statutes (NRS) 241.020 requires that written notice of all hearings of the Southern Nevada Health District Board of Health's Solid Waste Management Authority Hearing Officer be given at least three working days before the hearings. The notice shall include the time, place, location, and agenda of the hearing. Individuals may request notice, but a request for notice lapses six months after it is made. The Southern Nevada District Board of Health informs each requestor of this fact by this notation on the copy of the notice mailed to them.

Notice:

Pursuant to NRS 237.090(1), the Environmental Health Division of the SNHD will present a Business Impact Statement regarding proposed adjustments to the EH Fee Schedule on May 3, 2022 at 2:00 p.m. to the Southern Nevada District Board of Health via a WebEx meeting. A copy of the Business Impact Statement is attached below and may be obtained by contacting Heather Hanoff at (702) 759-0619 or hanoff@snhd.org. Instructions for attending this meeting via WebEx may be obtained online at least three days before the meeting here: <https://www.southernnevadahealthdistrict.org/meetings/board-of-health-agendas-minutes-and-audio-recordings/>. Additionally, the Environmental Health Division of the SNHD will present the Business Impact Statement to the Board of Health Finance Committee on May 2, 2022 at 3:00 p.m. via a WebEx meeting. Instructions for attending this meeting via WebEx may be obtained online at least three days before the meeting here: <https://www.southernnevadahealthdistrict.org/meetings/board-of-health-agendas-minutes-and-audio-recordings/>. This notice will be posted at the main office for the SNHD at 280 South Decatur Boulevard, Las Vegas, Nevada and online at <https://notice.nv.gov/> and www.snhd.info/public-notice.

- Read the **Business Impact Statement**

Notice of Public Hearing

NOTICE IS HEREBY GIVEN that a public hearing will be held before the Southern Nevada Health District's Board of Health on May 26, 2022, at 9:00 a.m. at the Southern Nevada Health District, 280 S. Decatur Blvd., Las Vegas, Nevada, pursuant to Nevada Revised Statutes 439.366 and 450B.237 for the purpose of requesting approval of renewal of authorization of UMC as a Level I Trauma Center and as a Level II Pediatric Trauma Center.

All interested persons may appear at the hearing and submit data, views or arguments regarding the proposed amendments. Written data, views and arguments may also be submitted to the District Board of Health in advance of the hearing, addressed to the

Proposed Environmental Health (EH) Fee Schedule Adjustments

BOARD OF HEALTH PRESENTATION
MAY 3, 2022

EH Programs

- ▶ Food Operations – Inspections
 - ▶ Food Establishment Inspections
 - ▶ Special Events
- ▶ Food Operations – Regulatory Compliance
 - ▶ Regulatory Support Office – Staff and Industry Training, Hazard and Critical Control Point (HACCP) Reviews, and Label Reviews
 - ▶ Specialized Food Office – Mobile Vending, Farmer's Markets, Annual Itinerants, Unpermitted Food Vending, and Water Stores
 - ▶ Foodborne Illness Investigations

EH Programs Continued

- ▶ Solid Waste
 - ▶ Solid Waste Plan Review
 - ▶ Subdivisions
 - ▶ Asbestos Waste Transport
 - ▶ Individual Sewage Disposal Systems (ISDS)
 - ▶ Safe Drinking Water
 - ▶ Permitted Disposal Facilities
 - ▶ Underground Storage Tanks
 - ▶ Restricted Waste Management
 - ▶ Illegal Dumping
 - ▶ Public Accommodations
 - ▶ Legionella

EH Programs Continued

- ▶ Consumer Health
 - ▶ Aquatic Health Plan Review
 - ▶ Aquatic Health Operations
 - ▶ Plan Review
 - ▶ Special Programs – Schools, Childcares, Body Art Facilities, Jails

All Environmental Health programs work together to protect the health of Clark County citizens and millions of tourists.

Food Operations Community Benefits

Program	Potential Hazards Identified/Addressed
Food Operations	<p>Minimizes the potential for foodborne illness among consumers</p> <p>Safe food allows for healthier individuals and a significant decrease in healthcare spending</p>
Unpermitted Food Vending	<p>Reduces the presence of unpermitted food vendors in Clark County to minimize the potential for foodborne illnesses</p> <p>Ensures food is made in an inspected facility with appropriate sanitation measures</p>
SNHD Training	<p>Provides food safety and regulatory guidance to industry partners</p> <p>Provides Standardization training and evaluation for food inspectors</p> <p>Trains newly hired food inspectors</p>
Hazard and Critical Control Point (HACCP)	<p>Reviews and approves cutting-edge food industry practices for processes with enhanced food safety risks</p>
Specialized Foods	<p>Performs inspections and provides food safety education to the regulated community to minimize the potential for foodborne illness</p>

Solid Waste Community Benefits

Program	Potential Hazards Identified/Addressed
Restricted Waste Management	Works to prevent hazardous waste from getting into the environment
Illegal Dumping	Ensures the proper disposal of waste that may have been illegally dumped in the community
Individual Sewage Disposal System (ISDS)	Protects groundwater quality in the Las Vegas Valley through enforcement of the SNHD ISDS Regulations
Vector-Mosquito Disease Surveillance	Monitors mosquito populations and the serious diseases they may carry that could infect citizens/visitors across all jurisdictions of Clark County
Public Accommodations	Ensures hotels and motels maintain clean and sanitary facilities
Underground Storage Tanks (UST)	Protects groundwater from contamination and surface water from contaminants in stormwater to protect drinking water

Consumer Health Community Benefits:

Plan Review – Most Health Permits Start Here

Purpose: Evaluates and enforces sanitary design and construction principles promulgated by State law and SNHD's Regulations for:

Permit Type	Potential Hazards Identified/Addressed
Food Establishments	Ensures the design of equipment/facilities does not lead to food contamination/adulteration; pest harborage; inadequate operator food safety knowledge
Institutions/Childcare	Ensures the design of equipment/facilities does not lead to food contamination/adulteration; pest harborage; inadequate operator food safety knowledge; unsafe playgrounds
Body Art Establishments	Ensures the design of equipment/facilities does not lead to transmission of communicable diseases; inadequate infection control measures; inadequate artist knowledge of disease
Public Bathing Places	Ensures the design of equipment/facilities does not lead to injury, death, or disease transmission; insufficient personnel to manage facilities safely

Consumer Health Community Benefits Continued:

Operations

Purpose: Conduct routine inspections, complaint investigations, and accident/injury/illness investigations for:

Permit Type	Potential Hazards Identified/Addressed
Institutions/Childcare	Service of unsafe foods, nuisance, or unsanitary conditions which result in disease transmission; broken or unsafe play equipment that can lead to injury or death
Body Art Establishments	Transmission of bloodborne pathogens and other communicable diseases; unsafe equipment, inks, or jewelry leading to injury
Public Bathing Places	Unsafe deck conditions, inadequate lifeguard coverage, inadequate disinfection levels which can lead to injury, illness, or death

CDC Estimates for Foodborne Illness

128,000 People are Hospitalized

3,000 People Die from Foodborne Illness

EH COVID-19 Activities

- ▶ Developed COVID related informational pamphlets/resources for Industry at the start of the pandemic when such resources were not available at the Federal and State level. The COVID resources received appreciation and national recognition by Industry and other local health departments around the country.
- ▶ Collaborated with State and local Business License agencies on business reopening guidance and COVID compliance checks.
- ▶ Provided oversight and enforcement of the Governor's COVID-19 mitigation orders and Senate Bills (SB4 and SB386), including conducting thousands of COVID-19 Compliance Surveys.
- ▶ Conducted regular educational outreach to the Culinary Union, the Resort Association, the Nevada Hotel and Lodging Association and many other organizations on COVID regulatory changes and requirements.

EH Accomplishments

- ▶ Won the 2019 Crumbine Award (recognition of unsurpassed achievement in providing outstanding food protection services to the community)
- ▶ Conducted multiple Industry outreach campaigns, such as the Handwashing Intervention campaign, Special Processes Class, and the Food Allergy Awareness campaign
- ▶ Conducted several risk-factor studies to determine the largest risk factors to foodborne illness specific to Clark County
- ▶ Used cutting edge techniques and software to scan consumer restaurant reviews to identify potential foodborne illness in the community
- ▶ Participated in the National Association of County and City Health Officials (NACCHO) mentorship program (Staff mentored other Health Departments about the FDA's Retail Food Voluntary Standards program.)

Maximized Efficiencies:

▶ **Food Operations**

- ▶ Monthly meetings with all field staff to discuss productivity and expectations (analyzing field time versus office time, ensuring staff are meeting goals/deadlines, and ensuring staff are making progress with assigned inspections)
- ▶ Focused efforts on high-risk food establishments due to staffing shortage
- ▶ Temporary reassignments of staff to meet community needs (inspections of large events, unpermitted food vending response, etc.)

▶ **Consumer Health**

- ▶ Shifted from in-field follow-ups to office or virtual follow-ups to reduce travel time
- ▶ Split Aquatic Health Plan Review and Operations offices to allow plan review staff to focus full-time on plan review activities
- ▶ Streamlined inspections to focus on risk and reduce time spent on inspections

▶ **Solid Waste**

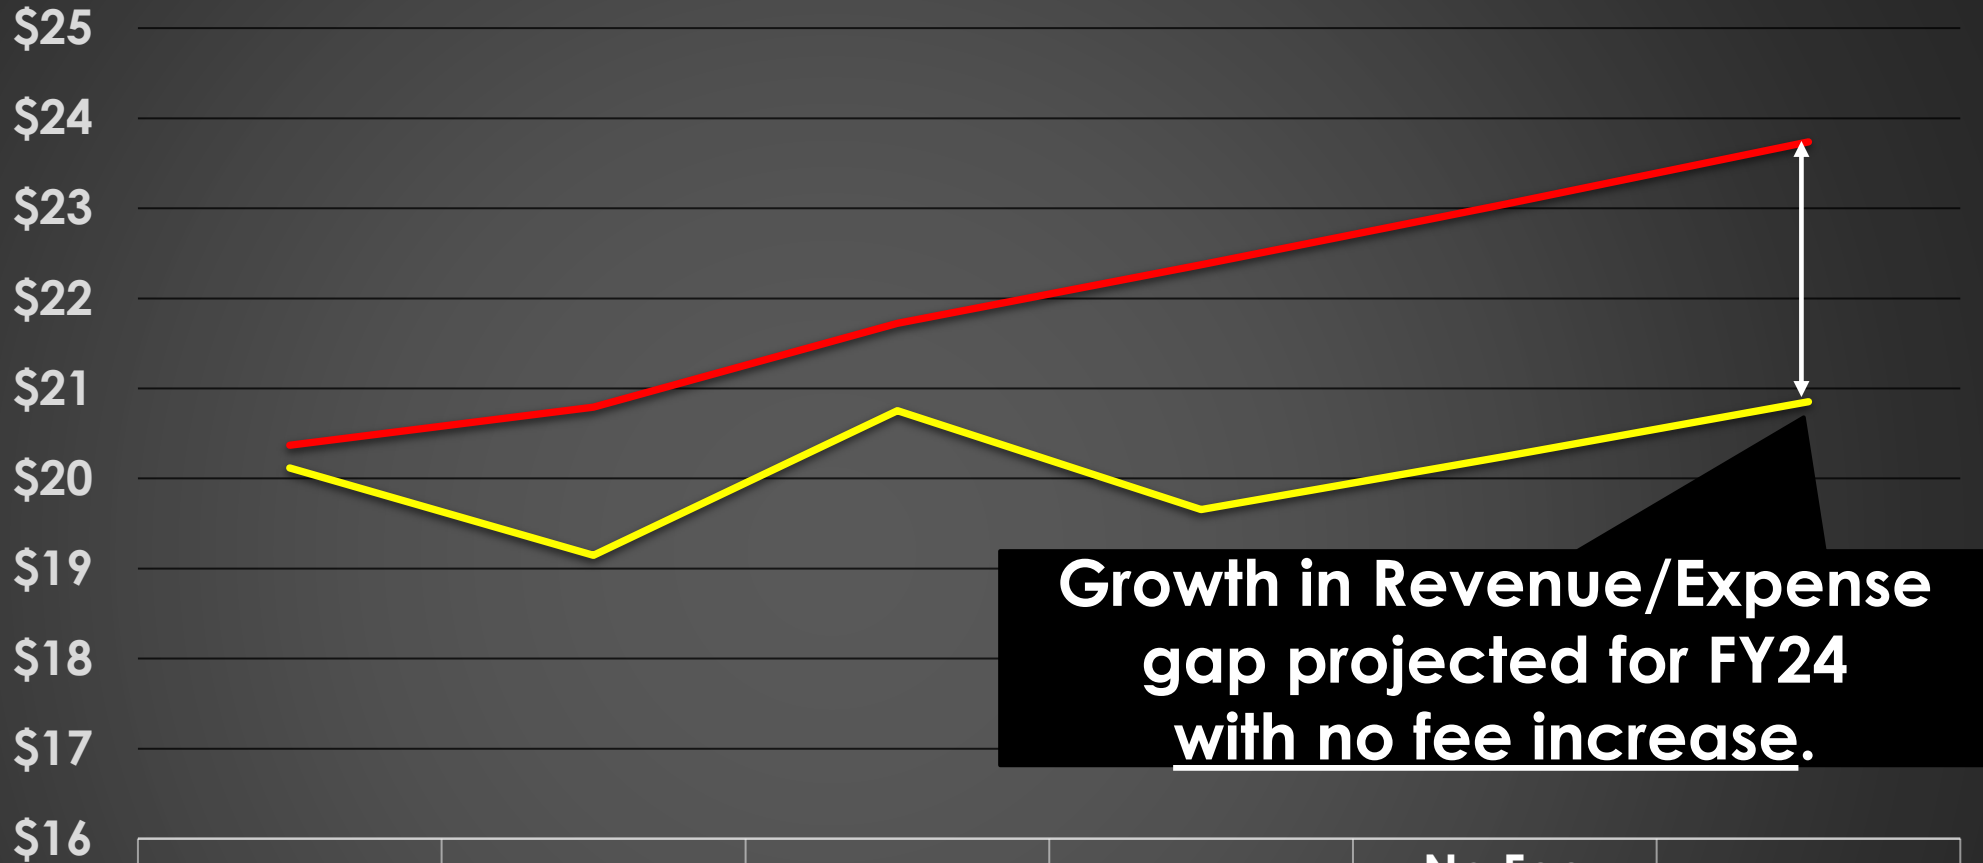

- ▶ SB4 inspections were done concurrently with annual facility inspections
- ▶ Streamlined/reduced complaint investigations by forwarding to applicable jurisdictions

Current Situation

- ▶ Environmental Health is not financially self-sufficient.
- ▶ Program expenses exceed program revenues, and the community continues to grow.
- ▶ Workload and community demands exceed current staffing levels.
- ▶ Services and staffing have been adversely impacted.
- ▶ Staff are not meeting policy requirements and mandates.

Do you anticipate any indirect economic effects to your business as a result of the proposed EH Fee Schedule adjustments?	48	59

The Business Impact Survey Notification was emailed to 14,666 recipients and posted on the SNHD website. 106 surveys were received.

Staff Recommendations:

- ▶ Proceed with 27% overall fee increase
- ▶ Tie the EH Fee Schedule to the Consumer Price Index (Western Region) with a 1% floor / 3% ceiling annual adjustment to give programs sustainability as the community continues to grow.
