Vote on new and returning members:

L. Collins & C. Reynolds suggested to table to vote until potential members are confirmed as meeting the “grid” and that no agency is over represented by having more than one voting member. It was established that even if one agency has more than one member each member needed to represent a specific population.

Discussion:

Each attendee that are interested in becoming “voting” members take a few minutes to describe what they do and why they want to become a member.
