

SNHD-22RFP008 ODTA Custom Van - Reissued**Addendum #1 - Questions and Answers****Addendum #1 Issued 05/31/2022****Page 1 of 1**

Question Number	Date Received	Question	Answer
OUd-1	05/23/2022 2:58 PM	We have a previous request from the Office of Epidemiology and Disease Surveillance, is this the same office/department?	Yes, the previous RFP, 22RFP006, was canceled and reissued as 22RFP008.
OUd-2a	05/23/2022 2:58 PM	Would you be willing to consider a truck that is about the same length as a van?	The Health District will not consider the proposed alternative to this specification.
OUd-2b	05/23/2022 2:58 PM	Would you be willing to consider an commercial Electric Ford Fusion (100 mile range, standard roof; we have a distributor with several chassis available immediately for purchase)?	The Health District cannot determine by "commercial Electric Ford Fusion" which alternative vehicle is being proposed. The Health District will not consider a Ford Fusion (a 4-door sedan) as an alternative.
OUd-3	05/23/2022 2:58 PM	What is the reasoning behind 4x4/all wheel drive?	The Van will be used in rural and remote areas on various types of terrain including off-road/unpaved surfaces.
OUd-4	05/23/2022 2:58 PM	What device/appliance will be plugged in to the exterior outlets?	Fan(s) and/or lighting as needed.
OUd-5	05/23/2022 2:58 PM	How many computers/devices will need wiring?	Possibly two laptops and a portable scanner.
OUd-6	05/23/2022 2:58 PM	How many outlets (not including the above mentioned) do you need in the mobile clinic?	At least three (3).
OUd-7	05/23/2022 2:58 PM	Will you be providing any medical services on board such as vaccines, physical exams, HIV/STD testing, telemedicine, or blood draws?	Possibly HIV testing.
OUd-8	05/23/2022 2:58 PM	Which is more important: van body or delivery schedule during the criteria evaluation?	Van body is more important.
