

SOUTHERN NEVADA DISTRICT BOARD OF HEALTH

RESOLUTION NO. 03-14

A RESOLUTION APPROVING COORDINATION AND COLLABORATION AMONG THE SOUTHERN NEVADA HEALTH DISTRICT, THE STATE OF NEVADA, AND OTHER PUBLIC HEALTH ENTITIES FOR BENEFIT OF IMPROVING PUBLIC HEALTH IN CLARK COUNTY, NEVADA

WHEREAS, The health and well-being of Clark County residents are critical elements in supporting a healthy and prosperous Nevada; and

WHEREAS, Public health is influenced by many factors including the physical, economic, and social environments in which people live, learn, work, play, and age; and

WHEREAS, The Southern Nevada Health District alone cannot change these environments, but must work collaboratively and cooperatively with government agencies and other public health agencies to create sustainable healthy communities; and

WHEREAS, Collaboration and cooperation can lead to greater efficiencies in service delivery, maximize public resources, and improve outcomes; and

BE IT THEREFORE RESOLVED, The Southern Nevada District Board of Health, as the health authority for Clark County, Nevada, reaffirms and restates its commitment to the public health of the residents of southern Nevada;

BE IT FURTHER RESOLVED, The Southern Nevada Health District will continue to work collaboratively and cooperatively with the State of Nevada Division of Public and Behavioral Health and other public health entities to identify and implement program efficiencies designed to protect the health and safety and enhance the quality of life for Clark County residents.

PASSED, ADOPTED, AND APPROVED, this 28th day of July, 2016.

SOUTHERN NEVADA DISTRICT BOARD OF HEALTH
